HEADS OF SEVEN NATIONS, including President Lyndon B. Johnson, will attend next month's conference in Manila aimed at trying to end the Viet Nam war. They include: Field Marshal Thanom Kittikachorn, prime minister of Thailand; President Ferdinand Marcos, the Philippines; Nguyen Cao Ky, premier of South Viet Nam; Chung Hee Park, president of South Korea; Harold E. Holt, prime minister of Australia and K. J. Holyoake, prime minister of New Zealand. (AP Wirephoto)

At AFL-CIO Convention

Romney And Ferency Trade Verbal Blows

DETROIT (AP) — Michigan Gov. George Romney and his Democratic gubernatorial opponent have traded verbal blows over what four years of a Republican administration have done to the state of the state.

Romney and Democratic state chairman Zoltan Ferency met in their first face-to-face debate of the campaign Tuesday night before a standing-room crowd of some 1,000 persons at an AFL-CIO convention in Detroit's Cobo Hall.

"The test of public policy under my administration has not been whether it's good for the Michigan Manufacturers' Association, or whether it's good for the AFL-CIO, or whether it's good for some other special interest group," Romney declared.

"The test has been whether it's good for Michigan and all the people."

Ferency said the people of Michigan are "the victims of Romneyism and Republicanism."

Partisan Audience
Citing 16 vetoes invoked by the governor, Ferency charged that Romney had invoked the veto against labor, schools, veterans, senior citizens, the underprivileged and the underemployed.

The highly partisan audience

Weather

Ellman Heads Michigan Bar

LANSING (AP) — William Ellman, a Detroit attorney, is the new president of the State Bar of Michigan.

Ellman was elected Tuesday to succeed John Clark of Petoskey as the State Bar held its 31st annual meeting.

Elected first vice president was John G. Starr of Grand Rapids. Second vice president is Gilbert H. Davis of Royal Oak. The lawyers re-elected William J. McBrearty of Detroit as secretary and Harold H. Bobier of Flint as treasurer.

Newly elected commissioners are Carl H. Smith of Bay City, Charles F. Latimer of Muskegon and William H. Culver of Kalamazoo.

Free Flights

SAN FRANCISCO (AP) — Pan American World Airways says it will provide free flights from South Viet Nam to Honolulu for some 300 American servicemen each week, starting Oct. 1.

No Wage-Price Controls Seen By Sec. Wirtz

DETROIT (AP) — Secretary of Labor W. Willard Wirtz said Tuesday he does not see any wage-price controls in the offing and predicted inflationary pressures will be less next year.

He conceded at a news conference a peaceful settlement of the Viet Nam War would have an immediate deflationary effect, but he declined to speculate when the war's end might come.

If inflationary pressures continue, Wirtz said he expected "action to neutralize the effect on the economy by taxes or otherwise." He declined, however, to predict in what areas taxes might be increased, saying there had been suggestions of both corporate and general increases.

These comments came in the wake of a speech in which he had said that consumer prices have increased 3.5 per cent over the last year, but the real earning power of factory workers had gone up 12.8 per cent in the last 63 months — since the late President John F. Kennedy's inauguration.

The secretary conceded that wages have gone up faster than productivity on the average for industry in the last year, but said "basic labor costs have gone up less in this country than in any other country."

Alabama Jury Frees Kluxer

HAYNEVILLE, Ala. (AP) — A Negro-dominated jury has found a 43-year-old steelworker and member of the Ku Klux Klan innocent of a murder charge in the slaying of a white civil rights worker.

A Circuit Court jury of eight Negroes and four white men took 85 minutes Tuesday night to reach its verdict of acquittal in the trial of Ku Klux Klansman Eugene Thomas for murder in the slaying of Viola Gregg Liuzzo, a white civil rights worker who died in a hail of gunfire from a passing auto on March 25, 1965, a few hours after the Selma-to-Montgomery march ended.

The verdict made Thomas the second member of the hooded order to win state court acquittal in the killing of Mrs. Liuzzo. While the Detroit housewife was a participant in the march to dramatize Negro voting rights demands, no mention of her as a civil rights volunteer was made in the testimony in the one-day trial. There was only one mention in the testimony of Thomas, a Bessemer steelworker, as a member of the Klan.

State Atty. Gen. Richmond Flowers, who directed the prosecution for the state, expressed disappointment at the verdict. He called it a "complete breakdown of justice and law and order."

Thomas, who had listened attentively to the testimony which preceded the verdict, told newsmen he "got a fair trial."

Two Charged In Racial Violence

BENTON HARBOR (AP) — One white man was jailed and another arraigned on charges of assault with a deadly weapon Tuesday in connection with the firing of a rifle at two Negro youths during an outbreak of racial violence here Aug. 1.

Police said Willard Penfield, 35, of Benton Harbor, demanded examination at his Municipal Court arraignment Tuesday and was freed on \$1,500 bond. No date was set for the examination.

The other man was held pending arraignment on the same charge.

The pair is accused of firing several times at the youths. Neither was hit.

Purple Street

MIAMI, Fla. (AP) — "The street in front of my house has turned purple," the lady told the police.

It really had — "passionate purple," as one resident put it. Police quickly found the cause — a 50-gallon barrel of purple dye, the type used to make purple paper to line orange crates, had fallen from a passing truck and broken.

Then it began raining.

US Marine Bombs Hit Friendly Viet Village

Johnson Makes Personal Plea On Space Pact

CAPE KENNEDY, Fla. (AP) — President Johnson, declaring that "the security of all men may well be at stake," has made a personal plea to shake loose bogged-down United Nations' efforts toward a U.S.-Soviet agreement governing the use of outer space.

A space treaty is "a matter of the highest common interest," the U.S. chief executive said while touring this spaceport with West German Chancellor Ludwig Erhard Tuesday.

"I earnestly hope the Soviet Union — whose space achievements have been great — will feel as we do that the rapid evolution of space technology makes early conclusion of a treaty governing the use of space a most urgent matter," Johnson said.

Major areas of disagreement between the United States and the Soviet Union in the United Nations space treaty efforts include reporting outer-space activities, equal access to each other's equipment and installations on the moon, and military hardware in space.

The United States proposes compulsory reporting of outer-space activities, while the Soviet Union wants voluntary reporting.

Soviet officials have accepted in principle a U.S. proposal that nations grant each other equal access to space vehicles, equipment and installations on the moon and other celestial bodies at all times, but Russia wants to make the timing of such access subject to an agreement among the parties concerned.

Gemini 12 Task Gets Revision

MANNED SPACE CENTER, Houston, Tex. (AP) — Plans for Gemini 12's lengthy, rocket-powered space walk have undergone a major revision as a result of the fatigue problem that plagued astronaut Richard F. Gordon Jr. outside Gemini 11.

Project officials scrubbed completely a bold Air Force-developed experiment that would have sent Maj. Edwin E. Aldrin Jr. jettisoning around the world with a sophisticated rocket pack on his back.

Aldrin's main assignment now will be to investigate some of the basic problems space walkers face, such as body positioning, simple work tasks and the need for restraint equipment. His stroll could last as long as two hours, about the same time originally planned.

The switch came after Navy Lt. Cmdr. Gordon had to shorten his 115-minute space walk to 44 minutes Sept. 13 when he got extremely tired and sweated heavily while tying his space-shoos to an Agena rocket.

Gordon warned officials later that until equipment is developed to help a man in weightlessness maintain his body position and still keep both hands free, working outside should be confined to simple tasks.

POPE PAUL VI poses at Vatican City with Archbishop Sergio Pignedoli, apostolic delegate to Canada, after announcing that the latter heads a special Vatican peace mission to Viet Nam. The mission left Rome by plane Tuesday. (AP Wirephoto via cable from Rome)

Vatican Mission Reaches Saigon

SAIGON, South Viet Nam (AP) — A special papal mission arrived in Saigon today but its leader denied reports from the Vatican that it was seeking to

advance Pope Paul's search for peace in Viet Nam.

Archbishop Sergio Pignedoli, the apostolic delegate to Canada, and head of the mission, expressed surprise at the large number of newsmen who met him at Saigon airport.

Vatican sources said Tuesday that the mission would gather information to help the Pope's peace campaign and try to ease the tension between the Buddhist majority and the Catholic minority in Viet Nam as well as study other problems of the church in Viet Nam.

Archbishop Pignedoli told newsmen: "This is merely one of a series of meetings being held in capitals around the world so that bishops can be personally informed of the findings of the Vatican Council."

Riot Erupts In San Francisco, Negro Is Killed

SAN FRANCISCO (AP) — Incensed because a white policeman killed a Negro youngster fleeing in a stolen car, rioting Negroes smashed windows, started fires, looted, overturned vehicles and threw barges of bricks Tuesday night in two San Francisco districts.

Rioting started in the Hunters Point District, where until now there has been no racial violence, and jumped hours later five miles across the city to the Fillmore District, where a near riot was suppressed last summer after a Negro patrolman stopped Negro youths from robbing two white couples.

Gov. Edmund G. Brown called up 2,000 National Guardsmen and with Mayor John F. Shelley imposed a curfew that stopped the violence some four hours after it started.

Although tense, the city remained quiet when the curfew was lifted today at 6 a.m.

During four hours of rioting 11 persons were treated at Mission Emergency Hospital but none was described as seriously injured.

The Fire Department answered 32 calls, many of them false, and eight fire trucks and cars were stoned. All blazes were brought under control quickly.

At the height of the disturbance, 400 San Francisco police and 50 California highway patrolmen and 50 traffic policemen fought back rioters. As the curfew took effect after midnight, the high-way patrol was relieved when Police Chief Thomas Cahill decided the crisis was averted, at least for the time being.

Name Driver In Deputy's Death

ANN ARBOR (AP) — A sheriff's deputy who survived a high-speed chase and crash that killed his partner testified Tuesday, "We pulled almost alongside the other car."

"Then the driver turned his head and looked right at me. I saw his face, and I knew him. It was Steve Lirette," testified Deputy Stanley McFadden of Washtenaw County.

A second later, Lirette's car moved over into the lane occupied by the scout car and the sheriff's vehicle careened off the road, hit a tree and split into two sections, McFadden said.

The deputy appeared at the examination of 23-year-old Steven J. Lirette of Ann Arbor. Lirette is accused of manslaughter in the death of McFadden's partner, Deputy Leo Borders, 28.

Thomas F. Ehman of near Pinckney told acting Municipal Judge Stanley Berriman of Howell that he ran from a cottage upon hearing the scout car's siren seconds before the crash. Ehman said he saw the Lirette car veer into the lane occupied by the scout car.

Detective Capt. Irving C. Hollis of the sheriff's department testified three youths in the Lirette car "said they had tried to get Lirette to stop the car. They wanted to get out and run for it."

"Lirette told them 'No,' that he could outrun the scout car," Hollis told the court.

At the time of the crash Aug. 3, which police said followed a chase at speeds over 100 miles an hour, Lirette's driving license had been revoked because of traffic violations. He is free on \$2,500 bond.

Cochran Resigns

LANSING (AP) — Max W. Cochran, law school consultant and hearing officer for the State Board of Education, has resigned to join the central administration office of the Flint public school system as a consultant on federal-state relations.

35 Tribesmen Die, 120 Homes Are Destroyed

SAIGON, South Viet Nam (AP) — Two U.S. Marine bombers missed their target and dropped 500-pound bombs by error Tuesday on a friendly village occupied by Vietnamese forces and their families.

A U.S. military spokesman said the mistake bombing killed 35 soldiers and civilians and wounded 18. The bombs also wrecked about 120 huts in the village in the northern province of Quang Ngai, 350 miles north of Saigon.

The U.S. Command also disclosed that American troops have launched four new search-and-destroy operations and are operating in the Mekong Delta for the first time in the Viet Nam war. Until now the huge delta rice bowl — much of it now under deep flood waters — has been an area of operations solely for South Vietnamese troops.

Find Ammunition
Only light contact with the enemy was reported in the four new operations, which were launched earlier this month but were not announced until today.

In other war developments, a reconnaissance company of South Vietnamese troops uncovered a huge cache of Viet Cong ammunition and explosives 38 miles south of Saigon in the Mekong Delta.

U.S. authorities began an immediate investigation of the Marine bombing of the friendly village, and Marine helicopters flew the wounded to a government hospital in nearby Quang Ngai City.

Many of the casualties were Montagnards, mountain tribesmen from whose ranks U.S. special forces teams have drawn guerrillas to fight the Communists.

Relief Work Starts
U.S. rescue and civic assistance teams were sent to the village to begin relief work.

The U.S. spokesman said the two Marine planes were on an air strike against a specified target but dropped their bombs outside the target zone.

There was no immediate word on the cause of the error.

Unofficial sources estimate that a total of 146 South Vietnamese civilians have been killed and 233 wounded in similar bombing and strafing incidents in July and August.

The last village to be bombed by mistake was also in Quang Ngai Province. Military sources said then that Marine planes relying on faulty radar killed three civilians and wounded 30 on Aug. 16.

In other air activity, B52 bombers pounded North Vietnamese targets in the demilitarized zone today for the 12th time since they started bombing the buffer area July 30.

Casualties Light
Of the four new U.S. ground operations, one was under way on the Mekong Delta and the other three were being conducted northeast and northwest of Saigon within 40 miles of the capital.

A U.S. spokesman reported U.S. casualties light in all four new operations.

Just south of the demilitarized zone, a company of U.S. Marines clashed Tuesday in a day-long fire fight with a company of North Vietnamese regulars.

The spokesman said the North Vietnamese fought a "skilful delaying action" and appeared to be retreating north to the demilitarized zone, possibly as the rear guard delaying unit for a large force.

Woolner Will Assist Hart

WASHINGTON (AP) — Appointment of Sidney H. Woolner as his administrative assistant was announced Tuesday by Sen. Philip A. Hart, D-Mich. Woolner has been a regional director in the War on Poverty program. Long active in Michigan politics, he was Democratic state campaign director in each election between 1950 and 1958. In 1960, he was media director for the Kennedy-Johnson campaign in Michigan. Woolner succeeds William D. Welsh who resigned recently to join the staff of Vice President Hubert H. Humphrey.

Wildcat Phone Walkout Comes To U.P.

Local Bell Workers Strike 2 1/2 Hours

Workers in the traffic and plant departments of Michigan Bell Telephone Company's Escanaba area establishment here walked off their jobs this morning at 7:30 and returned at 10 a.m. The departments have 67 workers and the walkout affected the 52 on duty in the period.

Tom Stracbel, local Bell manager, announced after the workers had returned that business was back to normal.

During the strike period there was a delay in long distance telephone traffic for lack of workers. Escanaba's exchange is a traffic center for a large area of the Upper Peninsula, including Manistique and other

cities, so the effects were widespread.

The local strike was one of a series of harassments which have plagued Michigan Bell in recent days, and was the first such walkout in the Upper Peninsula.

The labor contract between Michigan Bell and the Communications Workers of America expired Sept. 23 and operations had been on a day-to-day basis since then. The contract had a

Today's Chuckle

When a man proposes on his knees it sometimes takes him years to get back on his feet.

no strike or slow-down clause which outlawed walkouts like today's in Escanaba.

Talks between the CWA and Michigan Bell to negotiate a new contract were broken off by the company because of the wildcat strikes and Bell employees were to vote today or Thursday on an official strike against the big utility.

Meanwhile the wildcat strike by phone workers spread throughout southeastern Lower Michigan as more workers walked off their jobs in the Detroit, Pontiac and Flint areas.

A spokesman for Detroit Local 4000 of the Communications Workers of America said the strike vote had been authorized by the international board of

the CWA and would be held either today or Thursday.

The union said some 1,800 workers had been idled by the wildcat strikes like that in Escanaba. The phone company put the figure at 1,400.

Phone workers are asking higher pay and more hospitalization coverage. They are reportedly dissatisfied with the company's attempt to maintain the old contract, which expired Friday, while the new one is being negotiated.

The CWA represents about 17,000 employees of Michigan Bell. The company's last wage increase of from \$3.50 to \$8 a week in addition to other benefits, Bell said.

Autumn Colors Plentiful

But Fishing Slacks Off

Fishing has been generally slow in the past week throughout the Escanaba Area District with a few fishermen out, reports Robert Timmer of the Conservation Department.

Trotting for lake trout in Lake Superior, out of Marquette, has produced some nice catches but fishermen are warned to be sure of the weather before going out. Nice catches of brown trout are being taken on the Chocoma and Carp rivers. Rainbow are beginning to bite at the mouths of the Little Garlic and Carp rivers in Lake Superior. Lake Independence is producing nice catches of perch on minnows.

Band Boosters Meet In Rock

The first meeting of the Rock Band Boosters Club was called to order, Sept. 22, at 7:30 p. m. by Mrs. Florence Sayen at Rock High School. The following members were elected to office: President, Albi Waak, Vice President, Ellen Waak, Secretary, Toni Niemela, Treasurer, Elma Bakka, Program Chairman, Florence Sayen.

The purchase of band uniforms was discussed and Kathleen Lehto, Ellen Waak, and Lavern Koski were appointed to inquire about band uniforms.

Some fund raising projects were discussed such as booster buttons, candy sales, and bake sales. More parents are urged to come to the next meeting to be held Oct. 18, at 7:30 at the Rock High School.

In the Chatham area Deer Lake is producing pike by trolling with live bait and nightcrawlers and smallmouth bass by casting with mepps and french spinners. Perch hitting good on AuTrain Lake on worms and live bait; northern pike being taken on nightcrawlers, live bait, and dare-devils; and some walleye taken on the Raapala and crawler harness.

AuTrain River—between old and new M-28—is producing nice catches of pike on nightcrawlers. Casting and trolling off the mouth of the Rock River has produced some good catches of Menominee on small hooks and worms.

In Delta County reports have been received that bass are hitting very well off the Garden Peninsula in Lake Michigan.

All officers report the hard-works are beginning to show color and should be about half way to peak this weekend—showing mostly a green and brown contrast at the present

time. Pilot John Snyder reports tree tops are producing very colorful effect from the air at the present time and air color tour is very highly recommended, if available.

Arthur Brien Speaks At B. & P. W. Meet

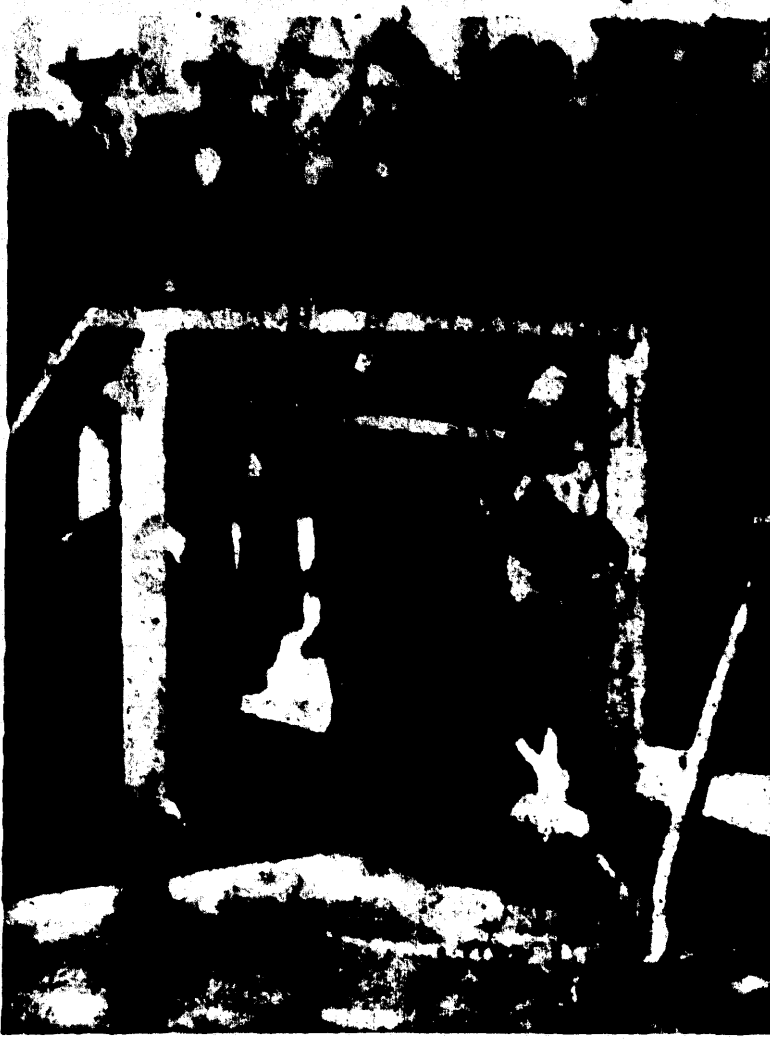

Escanaba Business and Professional Women's Club held its regular dinner meeting at the Sherman Hotel Tuesday evening. Guest speaker was Arthur Brien, president-elect of the Toastmasters Club, who spoke on the aims of his organization and how its program benefits its members.

Founded in Santa Ana, Calif., the organization now numbers 3500 clubs located in the United States, Canada and forty foreign countries. The club's creed, stated Mr. Brien, is "better listening, thinking and speaking". Members learn by doing, they overcome their fear of an audience by facing one regularly and they develop their talents by using them. Although the Toastmasters Club is not a service club, it renders a service to the community through its speakers bureau and it was challenged by the national president of BFW clubs, Sarah Cunningham, to use this service to raise values in communities throughout the nation. The local Toastmasters Club has accepted this challenge by volunteering speakers for the next Delta United Fund campaign.

Mr. Brien concluded with his speech, "My Father and I", which was awarded second prize at a district contest at Stevens Point.

Guests at last night's meeting were Mrs. Arthur Brien, Mrs. Lenore B. Hall, Mrs. Signe Moore, Mrs. Marian Sullivan and Mrs. Kathleen Styker. Mrs. Sullivan and Mrs. Styker were welcomed as new members of Escanaba Business and Professional Women's Club. President, Elsie Anderson announced that the District 2 Fall meeting will be held at the Forest Inn in Munising on Oct. 9.

The Membership Committee, consisting of Mrs. Pearl Witte, Mrs. Estella Erickson, Miss Leona Dougherty and Mrs. Norma O'Brien, was in charge of last night's meeting.

HENRY FORD watches as Thomas Alva Edison signs his name and affixes the date, Sept. 28, 1928, into a wet slab of cement, forming the cornerstone for the Henry Ford Museum and Greenfield Village in Dearborn, Mich. A year later Edison returned to Michigan for the formal opening of the museum and the village where now more than a million visitors visit annually. (AP Wirephoto)

Medics Study Aide Proposal

GRAND RAPIDS (AP) — A unique approach to meeting the problem of the shortage of physicians is under study by the Michigan State Medical Society.

The House of Delegates to the society, convening here this week, has approved a proposal calling for a study of training of paramedical technologists.

The House-approved resolution calls for a survey of Michigan physicians to see if they would employ such a "physician's assistant" and a survey of possible public reception of such personnel would assist physicians in tasks such as writing diagnostic reports, assisting in simple surgical procedures and conferring with patients.

Many of the questions which would arise should such training be offered have been discussed

by the education liaison committee of the MSMS.

Questions such as defining the limits of work of such personnel, the possibility that a nurse with extra training could meet the needs, the compensation for such assistance and how to interest school officials in such curricula are under study.

The delegates also approved a study to seek funds to aid research into the problem.

Emil Norden, Perkins, Dies

Emil Norden, 76, of Perkins died at St. Francis Hospital at 11:55 p. m. Tuesday. He had been ill for the past year.

Mr. Norden was born April 4, 1890, in Perkins. He was educated in the Perkins School and graduated from Ferris State College in 1907.

He served as Baldwin Township clerk from 1912 to 1917 and was a veteran of World War I, serving in France.

Mr. Norden was supervisor for Baldwin Township from 1924 to 1929 and also served on the Baldwin Township School Board from 1938 to his retirement in August, 1964.

He leaves his wife, the former Naomi Carroll, of Escanaba; five sons, Dr. Carroll Norden of Cedarburg, Wis.; Dr. Roger Norden of Bowie, Md.; Dr. Allan Norden of Gainesville, Fla.; Harlan Norden of Dearborn, and Fr. Emmett of Negaunee; 15 grandchildren; five brothers, Albert of Rock, Henry of Perkins, Harry of Bremerton, Wash., Raymond of Perkins and Clayton of Perkins; four sisters, Mrs. Elizabeth Carlson of Gladstone, Eleanor Norden of Perkins, Mrs. Leo Cavill of Menominee, Mrs. James Christie of Libby, Mont.

Mr. and Mrs. Norden celebrated their 47th anniversary last Sunday.

Friends may call at the Skradski Funeral Home beginning Friday at 3 p. m. Liturgical prayers will be held Friday at 8 p. m. and services at 11 a. m. Saturday at St. Joseph Church in Perkins. Fr. Emmett Norden will officiate and burial will be in Perkins Cemetery. Military rites will be accorded by the American Legion Post of Perkins.

'Stique To Host Tourist Council

MANISTIQUE — The Michigan Tourist Council will meet here Oct. 2-4 to consider agency recommendations for its 1967 spring - summer advertising campaign.

Wesley B. Tebeau, Muskegon, chairman, said the council will spend about \$240,000 in national and regional editions of leading magazines, in newspapers and on radio and television to promote Michigan's recreational and travel advantages.

"This is in addition to \$145,000 being spent this autumn and winter for a total of \$385,000 in Tourist Council advertising expenditures in the 1966-67 fiscal year," Tebeau said.

"This is about \$22,000 more than last year, enabling the council to expand its media reach, invite more people to vacation in Michigan and maintain the state's position as one of the nation's leading vacation-travel areas."

The council will also elect 1967 officers. In addition to Tebeau, chairman, in 1966 and 1966, present officers are William John Upjohn, Kalamazoo, vice chairman, and Alan Norman, Houghton, secretary.

Ruppe Charges Debate 'Hoax'

GAYLORD—Phil Ruppe, Republican nominee for Congress in the 11th District charged at a rally here that his opponent's public letter announcing a Ruppe-Clevenger debate scheduled Oct. 6 before the Michigan Education Association was "a hoax to divert attention from radio and television debates I challenge him to."

"My opponent knows full well," said Ruppe, "that the MEA never sent us an invitation specifying a debate in any way, shape or form. If the officials of that fine organization allow a debate," Ruppe continued, "I, for one, will be delighted but I'm still waiting for my opponent's response."

Ruppe said, "The campaign letter I received from my opponent, which I read in the paper before receiving it in the mail, claimed he saw 'no purpose' in a rebuttal of the issues I brought to his attention. These issues are:

1) "His vote on April 26, against a motion to cut down foreign aid to nations trading with our enemy, North Viet Nam."

2) "My contention is that the draft is inequitable and inefficient and that our Selective Service System should be reformed."

3) "My opponent's efforts to appoint political friends to postmasterhips and avoid the Veterans' Preference Act."

4) "My opponent is silent when the Federal Government sent \$10 million to develop the copper industry in Chile—a Northern Michigan competitor. 'With a record like that,' said Ruppe 'I don't blame him for seeing 'no purpose' in talking about it.'"

Briefly Told

Tickets for the card party sponsored by the Beta Sigma Phi Sorority for the benefit of the Better Hearing and Speech Society can be obtained from Mrs. Ed O'Leary, 786-0838 or Mrs. William Stenbol, 786-1488.

Pile Torture Soothed in Few Minutes

Act now for fast relief from torture of piles. Don't wait another day. Apply **Peter's Ointment** at once. This cooling, soothing, astringent formula has given joyful relief to thousands for 40 years. Relieves itching quickly. National Merit:

Two From EHS In Semifinalist List

Over 14,000 of the nation's ablest high school seniors have been named Semifinalists in the 1966-67 competition for Merit Scholarships, conducted by the National Merit Scholarship Corporation.

The Semifinalists are the highest-scoring students in their state on the National Merit Scholarship Qualifying Test, which was administered last spring in 17,500 schools nationwide.

In Escanaba they are: Miss Ann D. Beck, daughter of Mr. and Mrs. Arol E. Beck of 908 7th Ave. S.; and Robert W. Swenson, son of Mrs. Gladys Swenson of 1916 1st Ave. S.

Both are students at Escanaba Area Public High School. A third Area High School student, Miss Karen M. Anderson, daughter of Dr. and Mrs. Francis Anderson of 1921 Lake Shore Drive, received a letter of commendation honoring her high performance on the 1966 National Merit Scholarship Qualifying Test.

Miss Beck and Robert Swenson are among Upper Peninsula High School students in the list of Semifinalists. The others are in high schools in Hancock, Iron Mountain, Iron River, Ironwood, Ishpeming, L. A. K. Linden, Marquette, Menominee,

qualities, extracurricular activities and school citizenship of the students are evaluated, along with test scores, in selecting Merit Scholars.

Each Merit Scholarship is a four-year award covering the undergraduate years of college. Each stipend is individually determined after the winner's need is assessed. For the student already financially able to attend the college of his choice, the stipend may be as little as \$400 for four years. Those with high need may receive the normal maximum of \$6,000, or \$1,500 per year. Winners choose their own colleges and courses of study.

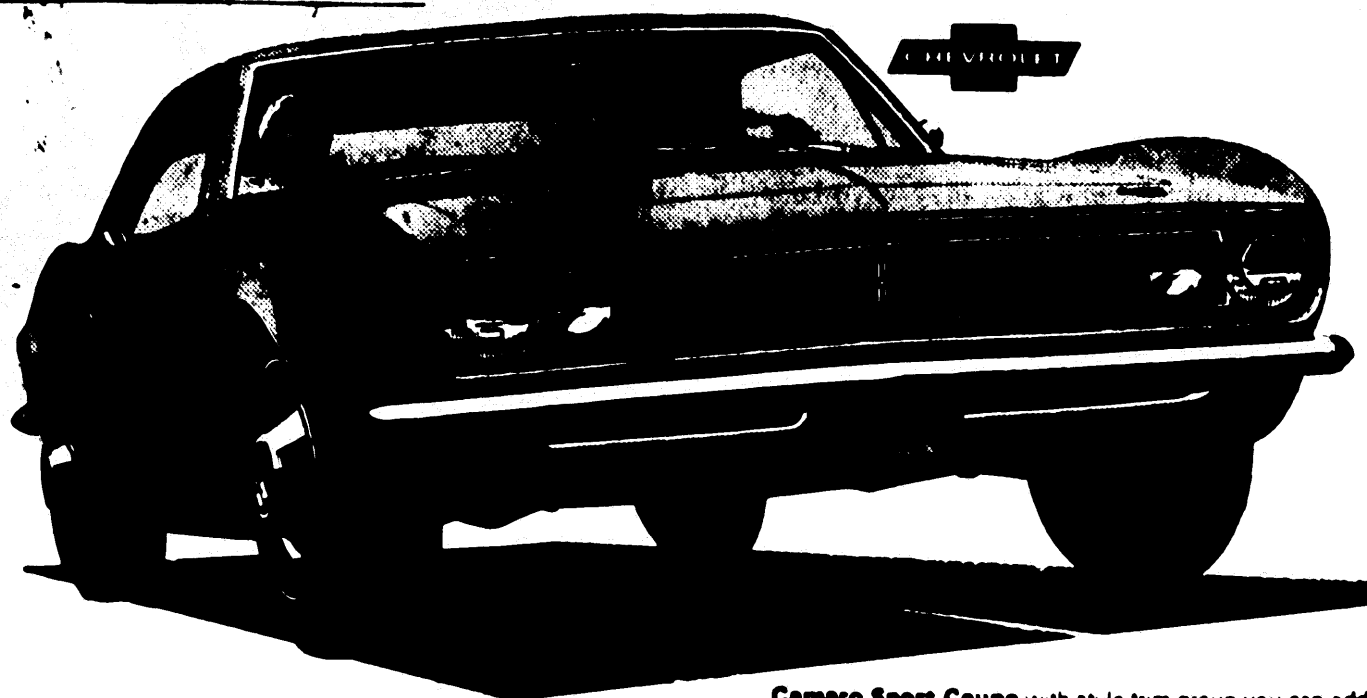

Bard

HOUGHTON—Michigan Tech will present Dr. A. L. Rowse, one of the world's greatest authorities on the Elizabethan Age and author of "William Shakespeare: A Biography," as a guest lecturer here Thursday at 7:30 p. m. There is no admission charge.

Ending The War

President Johnson will attend a conference of seven nations fighting North Viet Nam in South Viet Nam in Manila next month. There would be more hope, of course for some useful result from the conference if the enemy were to be represented, but there could be worthwhile results even in their absence.

Our allies, for instance, share our indecision about the war. If they can be reassured in some way that they're right in fighting some good may have been accomplished. And there is the hope that the President's attendance will nourish world belief that we are embarked on some kind of a righteous mission in Viet Nam and really trying to help South Viet Nam to self-determination and not trying to dominate Southeast Asia.

The President's mission will be described as politically motivated in some quarters. With the congressional elections coming up and with the war thoroughly unpopular, the President will obviously be trying to put the best face on things. But it's silly to suggest that the President wants to end the war for political reasons. He wants to end it for all the reasons, and no one more so than he.

His hopes of historic regard as a great president will hinge heavily on his ability to extricate America from the Viet Nam war without a national disaster of some sort.

This is a tremendous responsibility of the President, one in which all citizens must wish him well. And one in which there is small present prospect of victory. Red China has the United States boxed. We have by a series of little decisions and commitments inched into a land war in Asia, a peril which so many military leaders have warned us against for so many years.

Our government hasn't been frank with the American people about the war. There has been a good deal of bumbling and we seem to be on a course of escalation (enlargement) of the war which promises no more results than those which have been obtained so far.

Presidents Eisenhower, Kennedy and Johnson have carried us deeper into involvement in the war in their turns. President Johnson denied that he was escalating the war when he was doing it. The administration told us we weren't going to bomb Hanoi and Haiphong in North Viet Nam and then we did it. The intention was to shorten the war, of course, but it didn't work.

Secretary of State Rusk declared that the war resulted from an armed attack by North Viet Nam, but the best evidence is that it started as an insurrection within South Viet Nam. Arthur Schlesinger, Jr., writes in the New York Times that while Red China has no Great passion to enter the war in South Viet Nam, any assurances that it will not enter the war must recall the punditry of General MacArthur, who told President Truman that the Chinese wouldn't enter the Korean War. That decision was made by a Red Chinese regime newly established in Peking; the present government there is much stronger.

The military forever proposes one more step in arms to victory, but even the American public must suspect that the prospect of victory in Viet Nam by military means alone is dim.

General Westmoreland, our commander there, has said that there is no indication that the resolution of the North Vietnamese to go on with the war has been reduced by all our bombing of North Viet Nam. It is even being suggested now that infiltration of troops from the north has been stepped up by our bombing. The judgment of our military leaders on the Korean war was that it is impossible to cut the supply routes of an Asian army by bombing alone.

The results of bombing in the south haven't been much more convincing. Civilian casualties have been high, with the inevitable result that the South Vietnamese wonder who the greatest enemy is.

As we try to force a decision in the war by enlarging our forces and our operations—and our casualties—we move forward to no sure promise of a decision and we do it to the accompanying loss of world support.

We are spending more than \$1.5 billion a month on the war. We are spilling our blood there. We are, by these huge expenditures, shortening up the prospects of domestic achievements at home.

Facing this dismal prospect Mr. Johnson should go to Manila. But he should also lead an examination of our national policy. We are fighting the war that the Viet Cong are fighting in South Viet Nam. We are fighting our own kind of war, using our mastery of the skies to pour down more bombs than we used in World War II. This isn't succeeding so we're apparently going to extend our operations. We haven't used our immense power well and so far our expenditures of lives and money in what we're told is a noble cause we have most of the world shouting at us: "Please, America, don't start a world war!"

The Doctor Says:

Relieve Kidney Problems

By DR. WAYNE G. BRANDSTADT

Since the last time I discussed kidney stones, especially when the stones are old and hard. Some column, some promising new treatments have been reported. Two German doctors have been removed in this way found that by inserting a specially designed catheter into the kidney they can irrigate the kidney pelvis continuously for 15 to 20 hours daily. Three solutions are used one at a time and the patient is taught how and when to stop one solution and start another.

These solutions are introduced at body temperature. The first combines a nonirritating detergent and sodium polyphosphate. It dissolves the outer layer of the stones and washes out any inflammatory products that may be in the kidney pelvis. The second solution is a combination of EDTA and an antibiotic. This dissolves the mineral inner core of the stones. The exact composition of this solution is varied according to the type of stones to be dissolved.

The third solution is a weak salt solution. Most recently formed stones are dissolved in about 20 hours but the irrigation is continued for several more hours to be on the safe side.

The disadvantages of this treatment are the length of time common.

What is a Lyndon?

A Lyndon is any denomination of Great Society Money.

It's a situation that will buy a cup of coffee.
It's a situation that will buy a pack of cigarettes.
It's a situation that will buy a new car.
It's a situation that will buy a new house.
It's a situation that will buy a new life.

It's a situation that will buy a new life.

A WASHINGTON printing firm says it is printing an order, with U. S. Treasury approval, for "Great Society Money" bearing a caricature of President Lyndon Johnson. Although the reverse of the "bill" carries the label,

"Republican Congressional Committee — Bob Wilson chairman" the printer says the order came from a different source. (AP Wirephoto)

People, Events Of Yesteryears

From the files of the Escanaba Daily Press

25 YEARS AGO

Frank Karas, Escanaba, twice a letter-winner at Michigan State and a tackle upon whom the Spartans counted heavily this season, likely would see action against the University of Michigan. It was reported at East Lansing that Karas' injured leg was improving rapidly.

N. J. Bink of Escanaba was re-elected president of the Upper Peninsula Bottlers Association at its annual convention held in Ironwood. W. C. Richer of Escanaba was elected a member of the board of directors.

50 YEARS AGO

According to unofficial word received in the city, the state highway department ruled that property owners of neither Mary street nor Jennie street would be allowed to profit through the adoption of a state trunk line road through the city of Escanaba.

During the rain storm that centered over Escanaba, over an inch of precipitation was recorded at the weather station, making the storm one of the heaviest of the season.

Chance Of Clash Out Space Probing Benefits Here

By RAY CROMLEY

WASHINGTON — (NEA) —

Almost every week some one or other says that this or that will cause escalation of the Viet Nam war and perhaps cause it to flare into a major war with Red China.

When these predictions are made, my memory goes back to my experience in Japan in the decade before World War II.

Crack Russian and Japanese infantry divisions faced each other along the Manchurian-Russian border. There were heavy clashes, some in which whole divisions were virtually wiped out. These battles could have escalated into all-out national war. But they didn't.

Moreover, these clashes—which included tanks and considerable amounts of artillery—in all-out battles, were not reported in the press. We in Japan never heard about them.

It was only later during World War II, during interrogation of Japanese prisoners who had been with the Japanese 2nd Division on the Manchurian border in the 1930s, that this reporter learned about the size of these battles. These prisoners described in detail how most of their division had

been wiped out, with large Russian casualties as well.

These were full-blown, major battles.

Again, in the Korean war, the Chinese Communists made certain before they entered that the United States would not attack Red China's territory.

They received these assurances from the United States through British diplomatic channels.

After entering, they were cautious in attempting to prevent the war from spreading beyond certain bounds. They used the same caution in India. They are likewise cautious in Viet Nam.

Communists have their own concepts as to when to expand a conflict into a full-blown war and when not. It doesn't depend on "provocation." It depends instead on when the Reds believe they can take advantage of war for their own purposes. The Communists can always whip up a "provocation" when they want one.

Now it's possible the Red Chinese will enter the war heavily in Viet Nam. There are some careful, responsible State Department analysts who feel they might.

But the experience of the past few years does not indicate that Chinese entry will depend on U. S. "escalation" or "provocation." It will depend, instead, on whether entry will serve the Mao-Lin Piao purposes at this time.

Would full-scale entry help awaken the youth to sacrifice and bind them to Lin Piao's leadership? Would it aid in getting rid of Lin's opponents within Red China? Would it be possible to lure U. S. troops into fighting on Lin's terms?

In this sense, the more successful the current purges in Red China and the more the youth are aroused on lines carefully laid out by the regime the less necessary for a war.

The problem of war could come to the forefront if the Mao-Lin leadership decides the youth are not with them and that a war is necessary to "purify" the youth by making them go through the kind of struggles needed to make them "true revolutionaries."

Mao and Lin are strong believers in the importance of struggle. Both have made it clear they consider that without fighting there can be no growth.

If Mao and Lin can develop in the Red Guard, the purges and other organized violence in China a substitute for military clashes there will be less of a domestic political reason for a head-on clash with the United States.

Meet In Detroit

DETROIT (AP) — More than 1,000 businessmen are expected to attend the 29th annual convention of the Christian Business Men's Committee International, beginning Wednesday in Detroit. The convention will end Oct. 2.

Swap With Scots

PROVIDENCE, R. I. (AP) — Twenty-five Rhode Island high school pupils will swap places with a like number of Scottish pupils next year. The three-week exchange next May will be sponsored by the Providence branch of the English-Speaking Union.

Ann Landers

Grandparents Worry About Child Beaters

Dear Ann Landers: Our daughter lives in the next town and we visit her and her family one Sunday a month. They have two lovely children, a boy 5 and a girl 7.

On our last visit, when I kissed the children hello I noticed that both youngsters had badly bruised arms and legs. I didn't say anything but it bothered me terribly. At bedtime when I helped the little girl take her dress off I was shocked to see welts on her back and shoulders. I took my daughter into the next room and asked, "What in the name of God happened to these kids?"

My daughter told me they deserved the severe whipping because they had been very naughty. She added, "Both Tom and I punish the children when they are bad so they'll know we stand together."

I told her I believe in discipline but that there is no justification for beating children until they are black and blue.

My daughter became very angry and warned me to keep my nose out of her business or I'd be welcome in her home once a year at Christmas.

This is not the first time these children have been abused. I recall that when the little girl was three she spilled milk on the tablecloth. Her father took off his belt and beat her unmercifully. My husband and I couldn't stand the screaming and we left.

Please tell me what to do. I worry so about these youngsters that I am a nervous wreck. CONNECTICUT

Dear Connecticut: Dozens of children are brought into hospitals every week with broken arms, legs, jaws and fractured skulls. An alert physician can tell whether the child fell down the stairs (the usual explanation) or if he was battered by sadistic parents. In some states parents who are found guilty of beating their children are sent to jail.

Your best approach is to appeal to your daughter to get professional help for herself. Only a sick mother displays such brutality towards her children. If she refuses and the beatings continue, inform the school principal of the situation and enlist her help. She can keep her eye on them almost daily and you can't.

Dear Ann Landers: My boy friend treats me very nicely and

I like him very much—except for one thing.

Whenever he takes me any place or buys me anything he has to tell me how much money he spent. For example, last week he bought me a corsage. When he pinned it on my dress he said, "I hope you like this corsage. It cost \$5.00." The next night we went to a musical. When we got in our seats he said, "I hope you like these seats. They cost \$4 each." Then he passed me some candy which he got in the lobby and he said, "You'll notice this is the 50c size."

He let me know he spent \$12.00 on my birthday gift and the check for dinner was \$9.00. How can I let him know that I'd be happier if he didn't put a price on everything? — NO BOOKKEEPER

Dear No Book: Tell Mr. Got Rocks that every time he quotes a price you are let down because it's only half as much as you thought he had paid. This should settle his hash.

No teen-ager is as confident as he appears. Get clued in. Send for Ann Landers' booklet "Dating Do's and Don'ts" enclosing with your request 25c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped and self-addressed envelope.

WIN at BRIDGE

by Jacoby & Son

Plot And Counter Shown In Play

Jim points out: "Today's hand might well be entitled 'A tale of two deuces'."

Oswald: "Possibly even 'A tale of three deuces.' East takes the king of hearts. East takes the three deuces? West overtakes with the ace and leads back deuce No. 1, h'te club deuce."

Jim: "That deuce isn't top important. It would be easy for declarer to recognize whatever club East led back as a singleton. The important deuces come into play later."

Oswald: "South wins the club in dummy and recognizes that East's plan is to win the first spade lead and put his partner in with a heart and get a club ruff. He works out a plan to foil this by leading the queen of diamonds from dummy."

Jim: "East covers with the king. South wins with the ace and leads back the deuce of diamonds. He plans to discard dummy's other heart on that deuce of diamonds. East will win but won't have any way

to put his partner on lead."

Oswald: "Unfortunately for South's strategy West is not pointed on his chair. West counters this plot by simply playing the deuce of spades on the deuce of diamonds."

Jim: "At this point South is helpless. He can't gain by discarding dummy's second heart. West will be on lead with that deuce of trumps."

Oswald: "All West can do is to overruff lead a trump and hope. But his hopes aren't going to be realized. East will clatter up with the ace and put his partner in with the heart. Then West will lead a club and night will fall on declarer."

CHARD Sense

Q—The bidding has been:
West North East South
Pass 1 N.T. Pass 2 ♠
Pass 3 ♠ Pass ?

You, South, hold:
♠ 10 9 8 7 6 5 4 3 2 ♠
♥ 10 9 8 7 6 5 4 3 2 ♥
♦ 10 9 8 7 6 5 4 3 2 ♦
♣ 10 9 8 7 6 5 4 3 2 ♣
A—Bid four hearts. You only have 12 high card points but your partner almost surely holds four hearts with you and won't have more than two spades. The try for game is worth while.

TODAY'S QUESTION

Instead of rebidding to three hearts your partner goes to two no-trump. What do you do in this case?

Spectacular Changes Coming To Railroads

By JOHN CUNIFF

NEW YORK (AP) — A few years ago they looked like something puffing through a Grandma Moses painting, but now the railroads talk of data processing, jets, radar and 300-mile-an-hour passenger tubes.

The big long-haul lines are sopping up the red ink that had split all over their balance sheets, and billions of dollars are marked for spending on the short-haul passenger lines.

New or greatly expanded rapid transit lines will be built in at least 15 of the nation's largest cities by 1980. Some are already under construction, the largest of them in the San Francisco area.

For years the railroads complained about losing money. And the passengers complained about the service on everything from rapid transit systems to transcontinental lines.

\$6 Billion In Decade
Now the talking seems to be over, and money is being appropriated by business and governments. In the next decade or more Westinghouse Air Brake Co. estimates Canadian and United States cities will spend more than \$6 billion.

So much research has recently gone into this old business of railroads that spectacular changes are bound to come regularly for decades.

All this has come about while the rails' big competitors: trucks, automobiles, highways were expanding. Into the picture meanwhile, came a big new competitor, the airlines.

Passengers Liability

Whether because of poor administration or because of the competition, the rails went downhill fast. The New York Central found itself in the autumn of 1954 facing a \$35-million payment with an estimated \$6 million in the bank.

Passengers became a liability on some lines, and the passengers knew it. Long-distance travelers took to airplanes.

Commuters and others took to the highways. The federal government appropriated billions for new roads, and Detroit helped fill them with production at the rate of nine million cars a year.

The big railroads admitted they were inefficient. Where one line's facilities duplicated that of another they tried to merge. Where they couldn't compete for passengers they dropped them.

While everyone was trying to match transportation facilities to the needs of the population, the population, itself, was changing. The move from rural areas to urban and suburban addresses speeded up. Metropolitan areas spread into each other. Transit through this congestion became an even bigger headache.

Rapid Transit

Huge rapid transit plans now are under way, planned or being studied in almost all our large cities. Abroad, London, Paris, Tokyo and Moscow are working on the same problems.

For the longer distances, the Department of Commerce and the Pennsylvania and New York Central railroads are experimenting with jet trains for the populous Washington-New York-Boston Corridor. Service may begin next year.

On the drawing boards are vacuum tube trains, air cushion vehicles, and trains drawn by magnetism.

The pika, or little chief hare, is one of the few mammals rugged enough to spend its entire life in the chill, high barren mountains of the west.

SOMETHING SPECIAL in the sheep line is the flock being fed by Charlotte Davidson. They are prize-winning Dorset sheep for exhibition at the New Jersey State Fair.

Italy's Auto Production Up

TURIN, Italy (AP) — Italy's car production in the first seven months this year rose 9.5 per cent over the same period last year, official statistics showed Tuesday.

Motor vehicles produced from January through July totaled 824,477 of which 773,670 were automobiles. Vehicles exported totaled 237,562, 11.5 per cent more than in the same period last year.

"This is D-Day"

DODGE REBELLION OPERATION '67

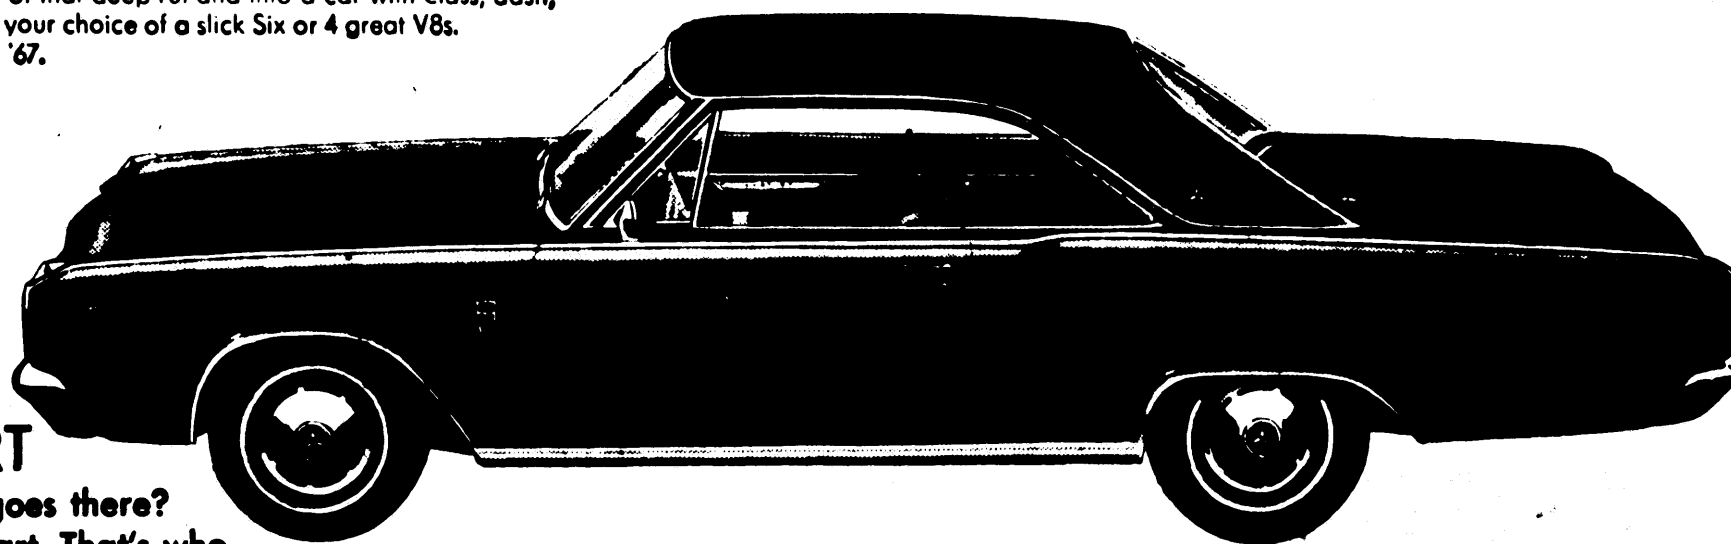

Fresh off the drawing board with an arsenal of powerful new ammunition. Bigger. Longer. Sharper. Hot new Dodges to back the attack on dull driving. Dart, Coronet, Polara, Monaco, Charger. Check them out today. The Dodge Rebellion will get you if you don't watch out.

'67 CORONET

Advance and be recognized. We know you. You're '67 Coronet.

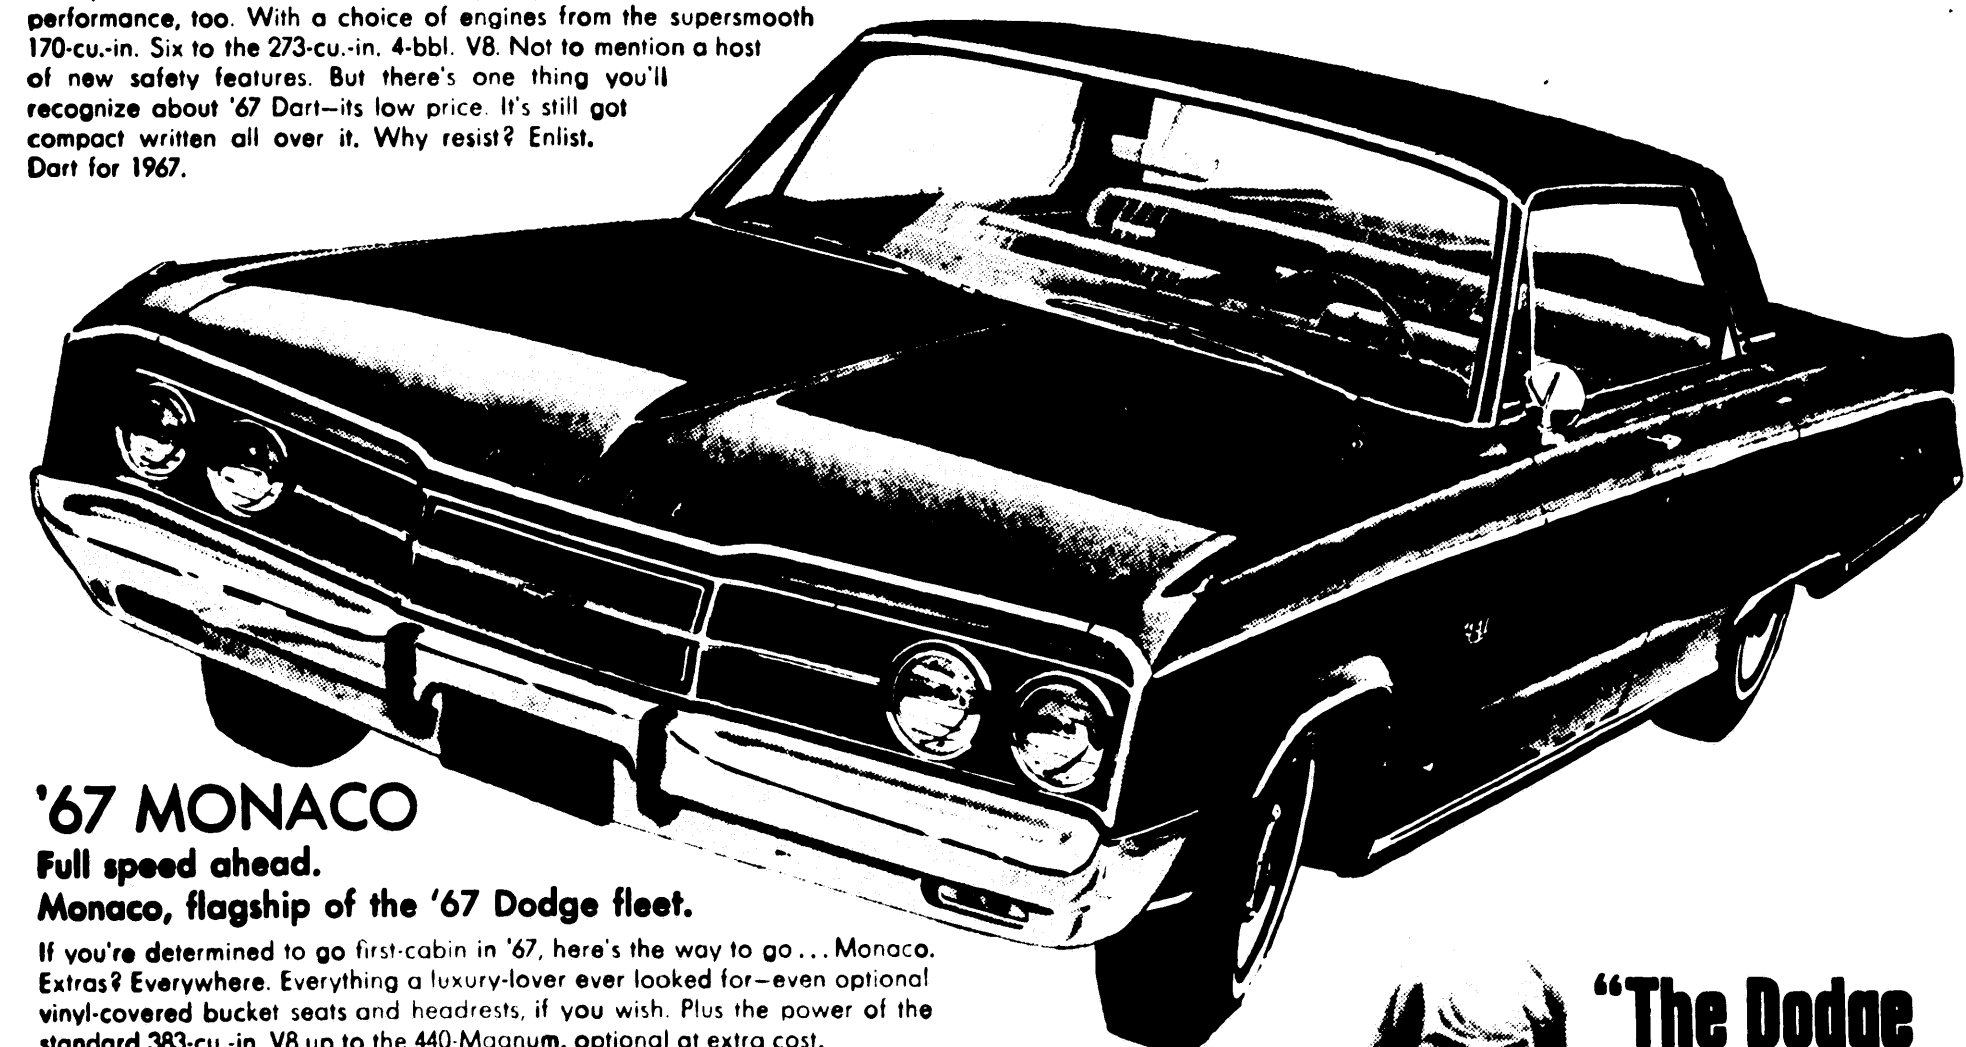

Last year's biggest selling Dodge gets all freshened up, all sharpened up for another big assault on the drab Sixes and dull V8s. And you know what we mean. The ones you've had enough of. You're ready for Coronet. You're ready to move out of that deep rut and into a car with class, dash, and lots of it—with your choice of a slick Six or 4 great V8s. That's Coronet for '67.

'67 DART

Wow! Who goes there? '67 Dodge Dart. That's who.

That's Dart, all right—totally new. Through-and-through new. New long, low silhouette. New plush interiors. New easy-to-read, easy-to-operate dash instrumentation. New performance, too. With a choice of engines from the supersmooth 170-cu.-in. Six to the 273-cu.-in. 4-bbl. V8. Not to mention a host of new safety features. But there's one thing you'll recognize about '67 Dart—its low price. It's still got compact written all over it. Why resist? Enlist, Dart for 1967.

'67 MONACO

Full speed ahead. Monaco, flagship of the '67 Dodge fleet.

If you're determined to go first-cabin in '67, here's the way to go... Monaco. Extras? Everywhere. Everything a luxury-lover ever looked for—even optional vinyl-covered bucket seats and headrests, if you wish. Plus the power of the standard 383-cu.-in. V8 up to the 440-Magnum, optional at extra cost, to put you ahead of the pack.

1967 MODELS NOW ON DISPLAY.

Cindy Learns 4-H Clubs Offer Many Opportunities

BY CINDY LAFLEUR

I have been a 4-H member for three years and during this time I have carried projects such as clothing, knitting, chorus, Junior Leadership and others.

The experience of others, and my own knowledge of 4-H assures me that to those who apply themselves, there are many wonderful trips and even scholarships awaiting 4-H members. The opportunity is there — but they have to be earned through hard work, of course.

As a Junior Leader I have assisted leaders in helping members complete projects and reports. Being a Junior Leader in our club, I was automatically a member of the County Junior Leaders Organization. As junior leaders on the club and county level we plan and carry out recreation for parties, take charge of bake sales, plan program for the achievement program on the local and county level, plan and decorate stages, assist setting up exhibits and many more educational activities.

In the spring of each year we have a Junior Leader banquet recognizing junior leaders of the county.

Many Projects
Clothing interested me not only to learning how to sew but also working up a demonstration in this field. I gave my demonstration at Camp Shaw at Chatham in U.P. competition

Cindy LaFleur

and won a trip to 4-H State Show in East Lansing this year where I competed for state honors.

Mary Jo DeKeyser also won in the demonstration field at Camp Shaw and competed downstate on Pressing and Mounting Wildflowers.

Chorus is a fairly new project in our club. We've only had it for one year. It is under the direction of Mrs. Donald Hirm. We practice about twice a month throughout the year on eight pieces of required music in parts sent to us from the

Music Department of Michigan State University.

The chorus has performed on several different occasions including Achievement Programs, U. P. State Fair, WDBC Radio, and Lions Club. The members, 13 years old and older competed at Camp Shaw and were selected to sing with the State 4-H Chorus at State Show in East Lansing, consisting of 160 voices.

State Winners

Kris Sjoquist, Kathy Madden, Julie Williams, Nancy Gillis, Colleen Cannon and myself were part of a delegation of the chorus from the U. P. that took part in the chorus at State Show.

Each year I have participated in the talent contest in our club at our local achievement program. Outside judges select the number of acts to compete at our County Achievement Program in Escanaba. This past year we sent three acts from our club to the county program which were the Rag Dolls, Debbie Bero, tap dancer, and the South American Combo.

All three of our acts won and we were able to go on to Camp Shaw for district honors. The Rag Dolls and the South American Combo placed in the Blue Ribbon group out of a field of 35 entries at Camp Shaw. The Combo consisting of Julie Williams, Kathy Hirm, Colleen Cannon, Kathy Madden, and myself were invited to sing at the U. P. State Fair in Escanaba.

Then came the great day! A letter arrived from Michigan State University with an invitation for us to perform at the regional awards banquet at State Show. This banquet honors the outstanding members from each project area in the state.

There are three regions in the State of Michigan. Ours consists of the whole U. P. and ten counties of the northern Lower Peninsula. Gary Johnson was the regional winner in the field of conservation. He competed against two other club members from the state.

Michigan Chicks Down; Eggs Up

LANSING (AP) — Michigan's commercial hatcheries produced 1.04 million chickens during August, and commercial and farm flocks laid 116 million eggs, says the Michigan Crop Reporting Service. This compares with 1.05 million chicks and 110 million eggs in August, 1965.

NANCY WELDUM of Rock displays some of the completed flower arrangements as part of the flower preservation demonstration she presented to the Kiwanis Club on Monday. A State 4-H winner, Nancy has been in Club work for several years. (Daily Press Photo)

Integration Not Crucial Question Says Carmichael

ANN ARBOR (AP) — The crucial racial question in this country today "is not integration," but rather "how to deliver good schools, jobs and roofs to black people," a militant Negro leader said here Tuesday.

Stokely Carmichael, head of the Student Non-Violent Coordinating Committee, spoke to a group of 3,000 students and faculty members at the University of Michigan's Hill Auditorium.

"Black power simply means the right of self-determination," Carmichael said.

Negroes will get better schools, jobs and homes when they develop power to make officials responsive to their needs, he said, adding that Negroes will have black power when elected officials are made responsive to those needs.

The program, sponsored by the university's Office of Religious Affairs, had as its theme "The Understanding of Black Power." The enthusiastic, near-capacity crowd interrupted Carmichael several times with applause.

Rodrigo de Triana, lookout on the Pinta, was the sailor who first sighted land on Columbus' historic voyage to the New World.

Club At Hyde One Of First

The Hyde 4-H Kings and Queens club of Ford River is believed to be one of the first in Delta county, dating back some 30 years. The present leaders were members at that time and the club has had many names since then. The present name was selected in 1962. It will probably remain for some time, since both girls and boys belong and they become kings and queens of 4-H experience.

The monthly meetings were originally held at leaders homes, then at the Ford River School, and now at the new Ford River Town Hall.

To improve the community, the 4-H sewing girls made the drapes for the Town Hall. In the past three years, members have watered and cared for flowers and plants in the Ford River Cemetery. For this work the Hyde Kings and Queens helped Delta county win the Sears Roebuck Beautification Award.

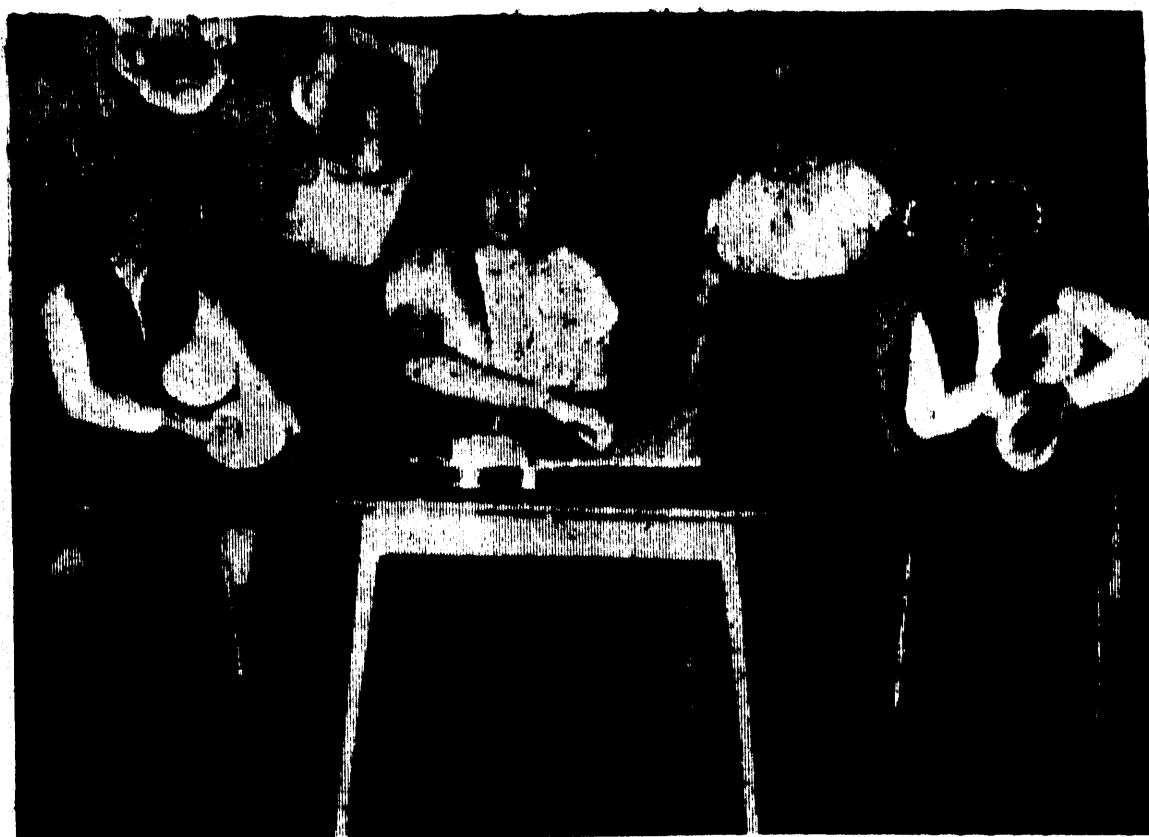

Members are currently enrolled in gardening and flowers as summer projects; Beef, sheep, clothing, knitting and handicraft are the winter projects. Mr. and Mrs. Clarence Dittrich, Leon Wellman, Mrs. Louis Johnson and Mrs. Earl Porath are the present leaders.

In 1961, a Hyde member, Linda Bittner, was the 4-H Queen for Delta county. The 4-H Hyde chorus, under the direction of Mrs. Thomas Brayak and Mrs. Elmer Stenberg, attended Camp Shaw and the 4-H State Show on Michigan State Campus in Lansing. They also presented a Christmas program on a local radio station in 1964.

Another 4-H member, Jackie Dittrich, attended State Show in 1965 and 1966 for her work in beef project. Paul Dittrich won the 4-H Champion female in beef competition at the fair. The Wellman girls, Leana, Willie and Cougette, took the top sheep honors. Eighteen gardening and summer project members entered their produce in the fair. The Hyde sewing girls have also entered winning sewing and knitting garments for the past four years.

The monthly meetings are conducted in parliamentary procedure and visitors are welcome. There are 34 members presently enrolled in projects. At each meeting a different group of members give a demonstration in etiquette.

Each Christmas the members give a party for their parents. The Hyde 4-H Kings and Queens have various activities as hayrides, winter roasts, skating parties, and picnics all thru the year.

4-H CLUB GIRLS from Gladstone (from left) Colleen Cannon, Cindy LaFleur, Kathy Hirm, Kathy Madden and Julie Williams, entertained the Kiwanians as a South American Combo. Boys and girls are encouraged to participate in 4-H talent shows. (Daily Press Photo)

Police Probing Double Slaying

SOUTH HAVEN (AP)—State Police are investigating the deaths of two persons Tuesday at the Van Buren and Berrien county line, 10 miles south of here.

Police said Norma Jean Owens, 19, of Coloma, was shot in the chest after she drove her car into the driveway of a garage and junkyard.

A witness, Linda Rogers, 18, also of Coloma, told police that Rolland L. Meador, 26, of Conklin, had followed her and Miss Owens in another car.

She said Meador jumped from his car, ran to the girl's car and shot her with a .12 gauge shotgun.

Police said he apparently then ran back to his car and shot himself. Both were dead at the scene.

Fidel Pontificates On Revolutions

MIAMI, Fla. (AP)—Fidel Castro says you have to know what you're doing in order to run a successful revolution. His remarks were broadcast recently by Havana Radio.

The Cuban prime minister was asked how it is that armed revolutionary forces in other Latin-American lands have not won any outstanding victories. Castro replied: "Some political leaders don't know anything about technique. They don't know the strategy of armed conflict and worse, they are trying to direct it with the methods of small-time political committees."

Soo Hilltoppers Win Many Prizes

BY SUSAN MEIERS

In 1950 the Soo Hilltoppers organized a club and the leader was Mrs. Andy Anderson. The main project was winter club sewing and the summer projects were canning, baking, gardening, rabbits, chickens and so forth.

After 16 years the club has five leaders: Mrs. Alfred Anderson, Mrs. Carl Mattson, Mrs. Virgil Thomas, Miss Sue Meiers, and Miss Judi Dieter. This past year the club had 20 girls in winter projects. In the summer club, 16 girls finished projects winning many red, white, and blue ribbons. Fair premiums amounted to \$56.

The entire club had as their projects wildflowers, conservation, and outdoor cooking for which they received a red and blue ribbon amounting to \$6. Other summer projects were planting petunias at the Soo Hill School and peonies at the Menonite Church. The members also painted two litter barrels which are to be placed at the Soo Hill Store and at the school playground.

They have had bake sales and candy sales to raise money for the club treasury. In extra activities in April the girls took part in the Cancer Crusade, and Sue Fletcher, Sue Meiers, Marlene Mattson, Kathy LeClaire, and Jane Meiers and Judy Young collected \$129 in the Soo Hill community.

The club has been invited to entertain at the Eagles Club several times, and at the Bishop Noa Home at Christmas time

for Christmas caroling and the folks are presented with a gift. The club has also visited the Delta Convalescent Home and sang Christmas carols there also.

Some of the girls entertained at the Veteran's Hospital in Iron Mountain. Recreational activities include parties and picnics to which parents are also invited. The club recently had its last cookout at the Carl Mattson picnic grounds. Games were played and Mr. and Mrs. Art Vasold, the new 4-H agent were introduced. Mrs. Vasold presented the girls their checks and ribbons from the U. P. Fair.

The club also won a medal for recreational rural arts for being an active club in recreation.

Ontonagon Road Opening Monday

LANSING (AP)—A six-block, \$278,000 modernization project on U. S. 45 in Ontonagon will be opened to traffic Monday, the State Highway Commission said.

Open To Traffic

LANSING (AP)—Although work on a \$1.3 million modernization project on U. S. 10 south of Pontiac will continue into November, two lanes in each direction will be opened to traffic Oct. 6, the Highway Department said Tuesday.

Take Charge... Move up to Chrysler '67

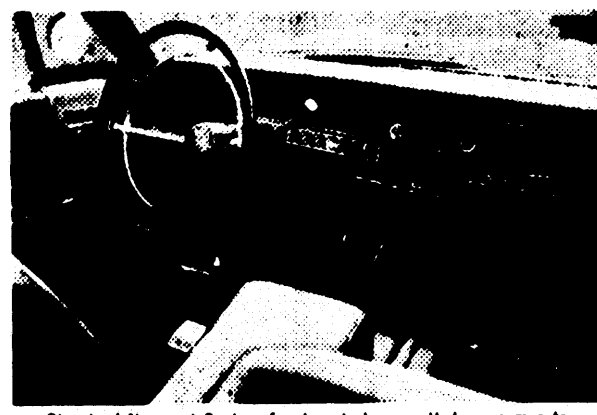

Any time. Anywhere. The '67 Chrysler takes charge.

In the way it looks.

In the way it goes.

Its optional 440 TNT V-8 is the biggest in the price class, as are the brakes. A perfect balance.

A new energy-absorbing steering column is standard equipment. So are many other safety features.

Standard Newport Custom front seats have pull-down armrests.

Something else about Chrysler.

Four Chrysler Newport models are now priced just a few dollars a month more than the most popular smaller cars, comparably equipped.

If you've been looking for a winner, Take Charge in Chrysler '67. It's it.

Note Progress In 4-H Clubs

The 4-H program has been marked by change since its inception more than 60 years ago, says County 4-H Youth Agent Arthur Vasold.

Greater variety of educational programs, more emphasis on the improvement of the boy and girl and projects with appeal for young people everywhere, are some of the changes the agent pointed out.

An important recent change, Vasold said, is the growing demand for 4-H in towns and cities across the country. The 4-H program is still an important educational force in rural America, where more than 75 per cent of its members reside.

However, nearly a half million 4-H members now live in towns and cities of 2,500 or more. A decade ago, nearly 90 per cent lived on farms and in rural areas, while only 13 per cent lived in urban areas.

To meet changing needs, 4-H has increased its educational projects and opportunities. Some new offerings are:

Automotive care and safety, home management, personal development, conservation, horse, dog care and obedience, and community beautification. These are being supplemented with intensified activities in career exploration, such as science, health, nutrition, recreation, public speaking and safety.

Agent Vasold invites all young people 9-19 years of age living in Delta County to learn of the opportunities offered by the 4-H Club program. They are invited to call his office at 786-3032.

"Now is a particularly good time to inquire about 4-H with new groups forming and established clubs being reorganized," he pointed out.

Adult volunteer leaders interested in working with youth are needed, Vasold added. Men and women willing to assist boys and girls develop their citizenship and leadership abilities, are encouraged to contact the County extension agent.

TOM SAFOOD of Ensign tells of his trip to Chicago as a 4-H Club winner at a meeting of the Kiwanis Club. Don Ness (seated) is president of the Club. (Daily Press Photo)

Menominee School U Of M Students Bonds Approved Suing Selective Service System

LANSING (AP) — The state approved Tuesday a \$7.66 million school bond issue by the Huron Valley District in Oakland and Livingston counties.

The Municipal Finance Commission also approved school bond issues of \$4.55 million by Chippewa Valley Schools in Macomb County and \$4.19 million by Menominee Area Public Schools in Menominee County.

Other school bonds approved, all for construction:

Ond-Elsie Area Schools, Clinton, Shawassee, Saginaw and counties, \$350,000 in school bonds.

Mount Clemens Community District, Macomb County, \$2.4 million; Marquette Township District No. 10, Marquette County, \$100,000; Troy, Oakland County, \$2.5 million; Reese, Tuscola, Saginaw and Bay Counties, \$385,000.

The six students were reclassified 1-A, eligible for immediate induction, following the sit-in last year at the Ann Arbor draft board office. The national appeals board of the Selective Service System upheld the reclassification last week.

Attorneys for the American Civil Liberties Union (ACLU) of Michigan filed suit on the students' behalf against the Selective Service System and four local draft boards. Federal judge Talbot Smith scheduled a hearing for Oct. 17.

Garden, Dairy Tours:

Varied Program Enjoyed By 4-H

By IRMA WOODARD
Our group is known as the Cornell Tot and Teens 4-H Club.

We usually have 35 to 40 members, about 10 of which are Junior Leaders. We have five adult advisors.

Our Junior Leaders help form club regulations and help adult advisors with regular project work. Special activities of the Junior Leaders include community projects such as observing a Township Board meeting, collecting for the cancer fund, a bake sale to raise money for the 4-H Scholarship fund, auctions and bake sales to buy equipment for the club to work with and help finance our trips.

Our Junior Leaders are responsible for forming the club charter and keeping it up-to-date.

Our whole club has gone on garden and dairy tour, and also scenic trips.

We have had many exhibits at the U. P. State Fair and have won many awards. Some of our girls have taken part in the Style Show at the Fair.

Many of our members have won 4-H trips to Washington, D. C. Club Congress at Chicago, Junior Vegetable Growers Congress, and State Show at East Lansing.

Our members carry a wide variety of projects including livestock, horticulture, clothing, foods and nutrition, home design, personal improvement, handicraft, personal resources, electrical, and knitting.

For recreation we have baseball, basketball, and games. We also have singing and dancing for which our club has purchased a record player.

Our future plans include a clean up campaign in our community next spring.

Our club will take part in the Halloween Carnival sponsored by the P. T. C. of Cornell.

In order to really make the best better, our Junior Leaders plan on taking a more active part in the Junior Leaders Organization of Delta County.

GM Extending Auto Warranty

DETROIT (AP) — General Motors Monday announced extended warranty coverage all 1967 GM passenger cars.

The GM warranty now equals that of Ford and Chrysler.

The additional coverage includes front and rear suspensions, steering mechanism and wheels in the five-year or 50,000-mile warranty previously announced for power train components.

Warranties on cars produced by the Big Three cover virtually all parts of the vehicle except tires, which are warranted by the tire manufacturer, for 24 months or 24,000 miles.

Not included in the warranties are normal maintenance replacement of sparkplugs, condensers, ignition points, filters, brake and clutch lining and normal deterioration of hoses, belts, upholstery, soft trim and items added for appearance.

The warranties cover the original and subsequent owners during the warranty time and mileage specified against defects in material and workmanship. The warranties apply to cars produced and sold in the United States and Canada.

First transpacific cable was completed in 1903, during the administration of Theodore Roosevelt.

The alternative for the individual on the outside looking for a job is to leave his craft, lower his standards of living and work, and perhaps move to another city in search of a job.

Unemployment compensation is not a consideration for such people, who sometimes are putting children through college or paying on a home mortgage.

The white collar worker who finds himself at age 45 not a member of a pension plan may be in trouble. Almost every type of worker belongs to groups that protect him — associations, unions, societies. This type often belongs to no group.

Frequently he is alone. He is not organized. He cannot gather enough of his kind to march or picket or cast a bloc vote. He is a particular case, an individual rather than a mass. In a nation supposedly made up of individuals he often finds society too rigid to make an exception for him.

Pension Funds Cover 28 Million Americans

By JOHN CUNNEFF
NEW YORK (AP) — A study about to be distributed shows more than 28 million American workers are covered by pension funds. But that very security for the 28 million brings a nightmare to others.

Many companies today make their hiring decision on whether a worker fits into the pension plan, or sometimes the insurance plan. If he is over 45, even younger, he generally does not fit.

One semiprofessional man caught in the situation said: "What I can do for them is important. What they're concerned about is this: Do I fit into their plan?"

In order to accommodate a worker aged 45, a company has to make a big investment in him. If a worker joins a pension plan as a young man he underwrites his own retirement. Sometimes it is as simple as that.

The alternative for the individual on the outside looking for a job is to leave his craft, lower his standards of living and work, and perhaps move

Youth Reports On JA Objectives

The success of Junior Achievement in teaching the lessons of the free enterprise system were explained at a meeting of the Rotary Club by Representatives of Escanaba Junior Achievement Tuesday noon.

Participating in the program were four delegates from Escanaba JA to the National Junior Achievement Conference held recently at the University of Indiana campus, Bloomington.

John L. Greene, Rotary program chairman, introduced Dwayne Burak, Escanaba JA program director, who presented the two boys and two girls who attended the National Conference.

They are Julie Berntsen and Pat Coan of Escanaba Area Public High School and Kathy Engman and Mike O'Leary of Holy Name High School.

Advisors Guests Burak reported that Junior Achievement was founded in 1916 and has now grown to a total of approximately 150,000 members in groups in the United States, Canada and South America.

"Junior Achievement provides the opportunity for young people to work and learn, to understand by experience how the free enterprise system operates," said Burak.

Special tribute was paid George S. Douglas, president of Escanaba Junior Achievement, for his interest in and encouragement of JA in this area.

JA advisors, most of whom were guests of the Rotary Club for the program, are from local business and industry. They are John Greis, Rune Oslund, Arthur Arche, Dennis Wiley, Dan Clark, George Miller, Clarence Zeno, Ben Sandefur, Ed Greis and Sam Hoyt.

Good Product Burak reported that between 480 and 500 students have been members of Escanaba Junior Achievement since the program was established here eight years ago. There are three JA companies, each with 25 members.

Miss Berntsen described the conference as "most beneficial in giving first hand knowledge" of how JA operates throughout the country. There were 1,800 young people attending the conference, including many from Canada and South America.

Workshop sessions she attended stressed the need of industry for a good product that is well packaged for sale and other topics.

Discussions included an examination of the free enterprise or capitalistic system and its benefits to this nation and its people.

Pat Coan told of the schedule of activities at the conference. Workshop sessions attended by about 25 members were held through out the day, and general sessions lasting two hours were held in the evening in the auditorium.

Session Help Pat said that after his experience with JA and his visit to the University of Indiana campus "I've decided I want to go to college."

Miss Kathy Engman served on the JA National Conference elections committee, which occupied considerable of her time, she reported.

She did attend the workshop of JA company treasurers, and reported that she gained information which will be helpful in

Arnall-Maddox Vote Is Today

ATLANTA, Ga. (AP) — The Georgia Democratic gubernatorial campaign ends today with voters choosing between former Gov. Ellis Arnall and businessman Lester Maddox, opponents of widely opposing political views, particularly on racial matters.

The victor after the polls close tonight and the returns are tabulated will meet Rep. Howard (Bo) Callaway, Georgia's lone Republican congressman and the first GOP candidate for governor in this area, in the Nov. 8 election.

Maddox, 50, made news two years ago when he sold his cafeteria rather than integrate it, as required by the 1964 Civil Rights Act. Negroes were chased away with ax handles and a waving pistol.

Arnall, 59, served in the governor's office 20 years ago in a reform administration in which he successfully fought to revoke a Ku Klux Klan charter and lowered the voting age from 21 to 18.

Maddox has attacked Arnall via the national administration. Arnall has hit Maddox's actions at his restaurant.

Of Democratic concern in today's election is the possibility Georgia Republicans, unhampered by party registration, will be at the polls to vote for Maddox with the idea he would be a weaker opponent for Callaway.

the bookkeeping for Escanaba JA companies in the year ahead.

Mike O'Leary told of his attendance at salesmanship workshops and of the help the conference experience will be in the operation of JA companies this school year.

Three companies are now being organized with students from the two high schools. They will sell stock, select and manufacture and market a product. Most of the companies have made a profit in their operations through the past eight years here.

PTA Leadership Workshops Set For Next Week

PTA units in membership with the Michigan Congress of Parents and Teachers are invited to send representation to two fall leadership training workshops to be held in District 19 and 20. PTA officers, committee chairmen, members of the school personnel and any interested member may attend.

District 19 conference will be held on Tuesday, Oct. 4 at K.I. Sawyer Air Force Base with registration from 9 a.m. to 12:45 p.m. Tours of the air base by bus will be held from 9:30 a.m. to 11:30 a.m. followed by a luncheon at 11:45 a.m. Reservations for the luncheon should be sent to Mrs. Robert Alvey, 369 Marauder, K. I. Sawyer AFB, Mich. 49843. Workshop sessions will commence at 1 p.m.

District 20 conference will be held at 6:45 p.m. on Wednesday, Oct. 5 at the Stambaugh Elementary School, Stambaugh. Pre-registration will not be required for this workshop as a coffee hour will follow the workshop.

Both workshops will include three forty-five minute sessions to be conducted by members of the state board of the Michigan Congress of PTA. Participants will include Mr. A. B. Haist of Rapid City, Mich., state president; Mrs. A. B. Haist, state historian; Mrs. Val Pontti of Ishpeming, vice president of Region A; Mrs. James Campbell of Marquette, room representative and hospitality chairman; Mrs. Leo Niquette of Escanaba, director of District 19 and Mrs. William J. Burkart of Iron Mountain, preschool, high school service and program chairman.

Phases of PTA work will be covered with special emphasis on work of officers, committee chairmen and programming. Opportunity will be given for discussion and exchange of ideas. PTA publications will also be displayed and PTA units are urged to attend.

The Prince Albert coat was named for Queen Victoria's husband.

Hospital

Mrs. Susan Lindstrom, 1015 7th Ave. S. went to Menominee for surgery at the St. Joseph Lloyd Hospital.

Reuben (Jeff) Jefferson of 221 S. 23rd St., Escanaba is a patient in St. Vincent's Hospital in Green Bay. His room is 1023.

The U. S. Weather Bureau was established Feb. 9, 1891.

Iron County Schools Merge

IRON RIVER — Voters in Iron County have approved two school reorganization proposals which will join the Iron River and Stambaugh school districts and also unite Crystal Falls with Amasa and Alpha.

Vote on the Iron River-Stambaugh merger was approved overwhelmingly, 1,207 to 893. The East side reorganization proposal involving Crystal Falls, Alpha and Amasa was approved by a slim 34 votes, 585 to 551.

Only about 30 per cent of eligible voters cast ballots on the Iron River-Stambaugh question. Changeover of the district will be effective July 1, 1967 with next step in the process being election of a new Board of Education, appointment of a superintendent and election on operating millage.

Proposals were made as result of a citizen's committee action following rejection by voters May 10, 1965, of a single school district for the entire county.

The Crystal Falls Board of Education has indicated it will ask voter approval on a bond issue to build a new high school. The district has been placed on the warning list by the University of Michigan and North Central Association accreditation committees because of school building needs.

The merger of Stambaugh and Iron River schools will create a school district of approximately 2,500 students.

Bank Announces Staff Changes

Promotion of Arthur C. Arch from assistance cashier to cashier and appointment of William R. Reeves Jr., Marquette, as assistant cashier at the State Bank of Escanaba was announced today by Forrest Henslee, executive vice president of the bank.

Arch replaces Richard Pariso as cashier, who resigned recently to accept a position with a Wisconsin bank.

A native of Flint, Arch came

to Escanaba in Jan., 1962, and joined the State Bank as assistant cashier Aug. 26, 1963. He graduated from the University of Michigan School of Banking in 1965 and is also a graduate of Grand Blanc high school and Flint Junior College.

Active in community affairs, Arch is a member of the Board of Directors of the Chamber of Commerce and also serves as Chamber treasurer. He is also treasurer of the Escanaba Exchange Club and of Delta United Services and is a Junior Achievement advisor.

He is married to the former Rita Conran of Flint and the couple reside at Rte. 1, Gladstone with their four children, Lisa, 5; Lori, 4; Mike, 2; and Timothy, 1.

Jeeves comes to the State Bank from a position as a commercial loan specialist with the Small Business Administration, Marquette. Prior to that appointment, he was employed with the Crocker Anglo National Bank, San Francisco, Calif.

He received his bachelor's degree in business administration from Wayne State University, Detroit. His original home was Grosse Pointe, Mich.

He is married to the former Mary Ann Keupa of Allen Park, Mich., and the couple has four children, Kathleen, 5; William R. III, 4; Christopher, 3 and Mary Elizabeth, 15 months.

Arthur C. Arch

William R. Jeeves Jr.

Former Resident Fred Young, 75, Dies In Detroit

Fred Young, 75, of Detroit, formerly of Flat Rock, died at 6 a. m. today in a Detroit hospital from injuries suffered in a traffic accident at 9 p. m. last Friday.

Mr. Young, who was retired, left the Escanaba and Flat area about 22 years ago after being employed as a woods worker.

Survivors include his widow, Rose; three daughters, Olive, Irene and Rose; four sons, Edmond, Lawrence, Eugene and Raymond; one brother, Walter, of Flat Rock, and a sister, Mrs. Ted Tourangeau of Escanaba.

Funeral services and burial will be in Detroit Saturday.

The Social Security law became effective Jan. 1, 1937.

Ride the Wide-Track winning streak!

From the same drawing board that gave you Grand Prix, GTO and Overhead Cam Six now comes the newest Pontiac since the invention of Wide-Track!

You're looking at the most beautiful Pontiac ever to ride on Wide-Track. The incomparable GTO returns with a 335-hp 400 cubic inch engine under a magnificently refined new skin. Or you can order the 255-hp version or the fabulous new 360-hp Quadra-Power 400. And for the first time, you can order your GTO with our famous three-speed Turbo Hydra-Matic.

The Le Mans and Tempests come back better than ever. Bright new interiors. Bold new colors.

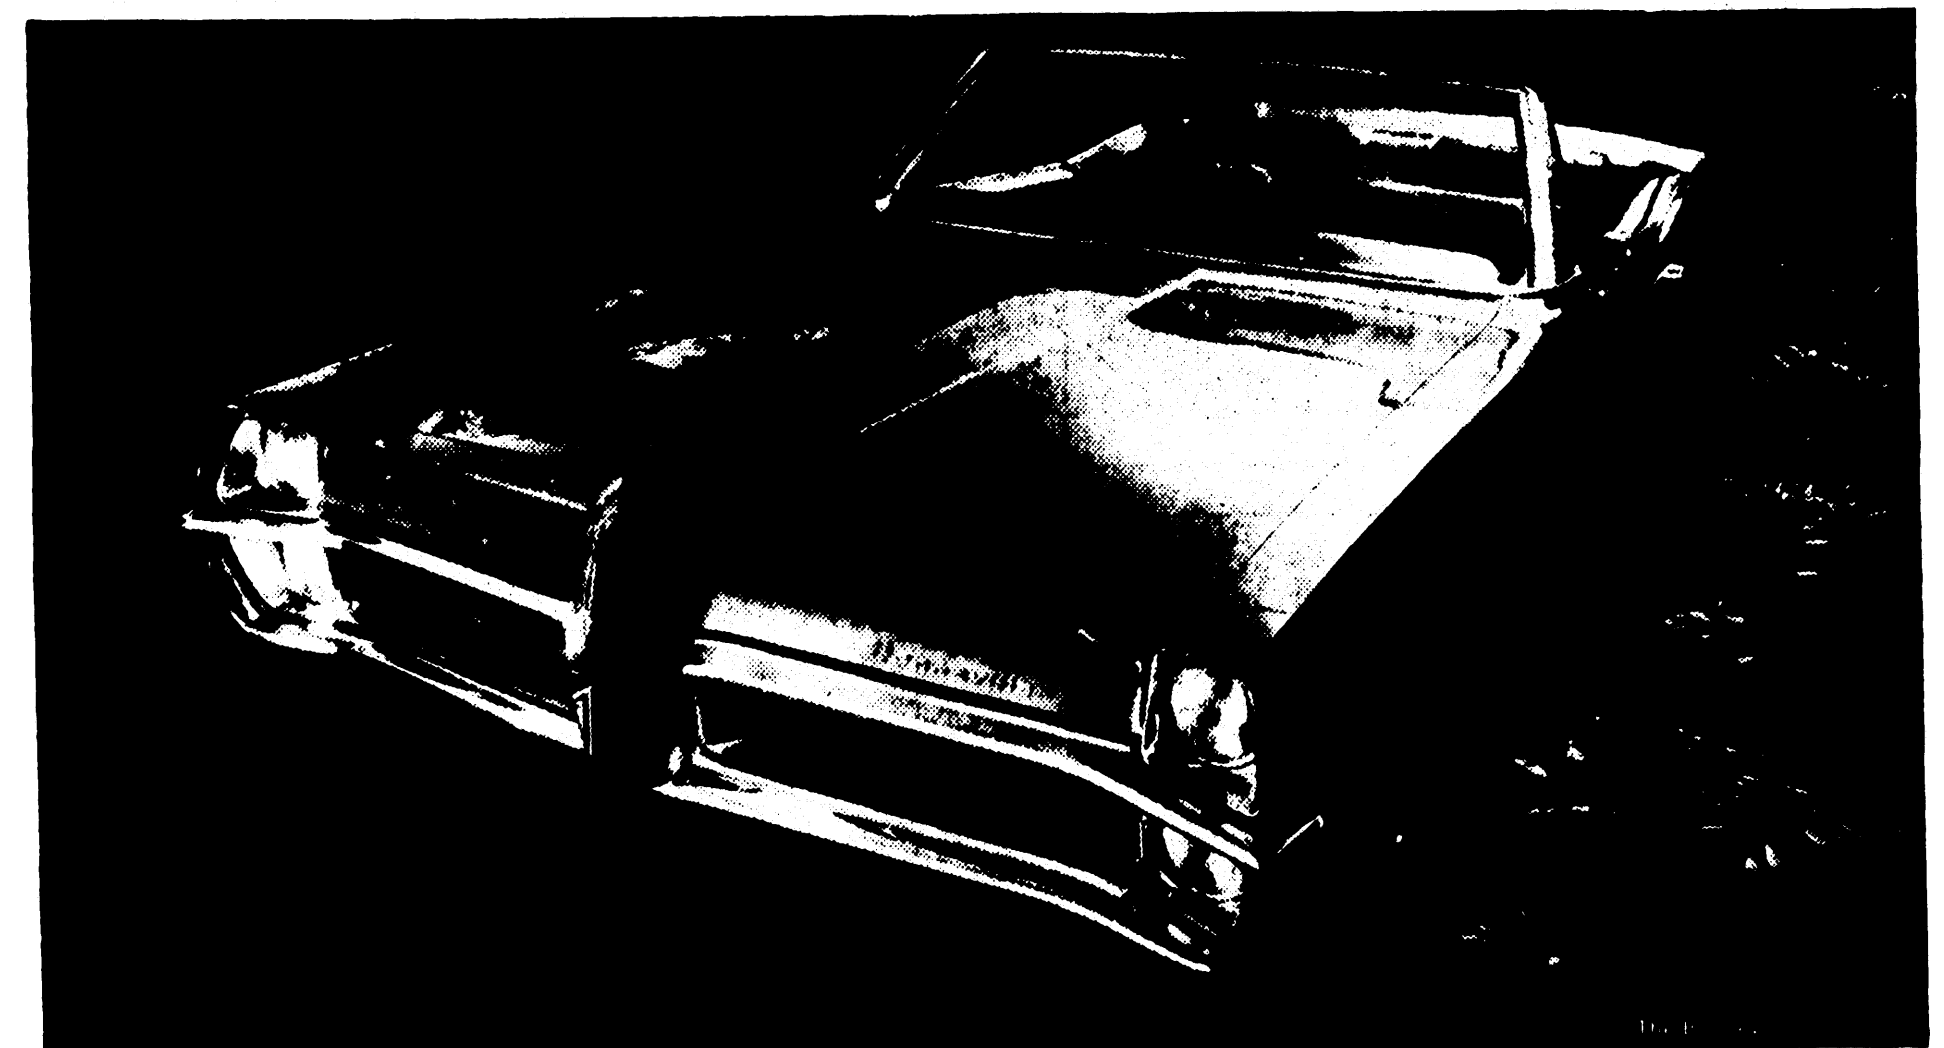

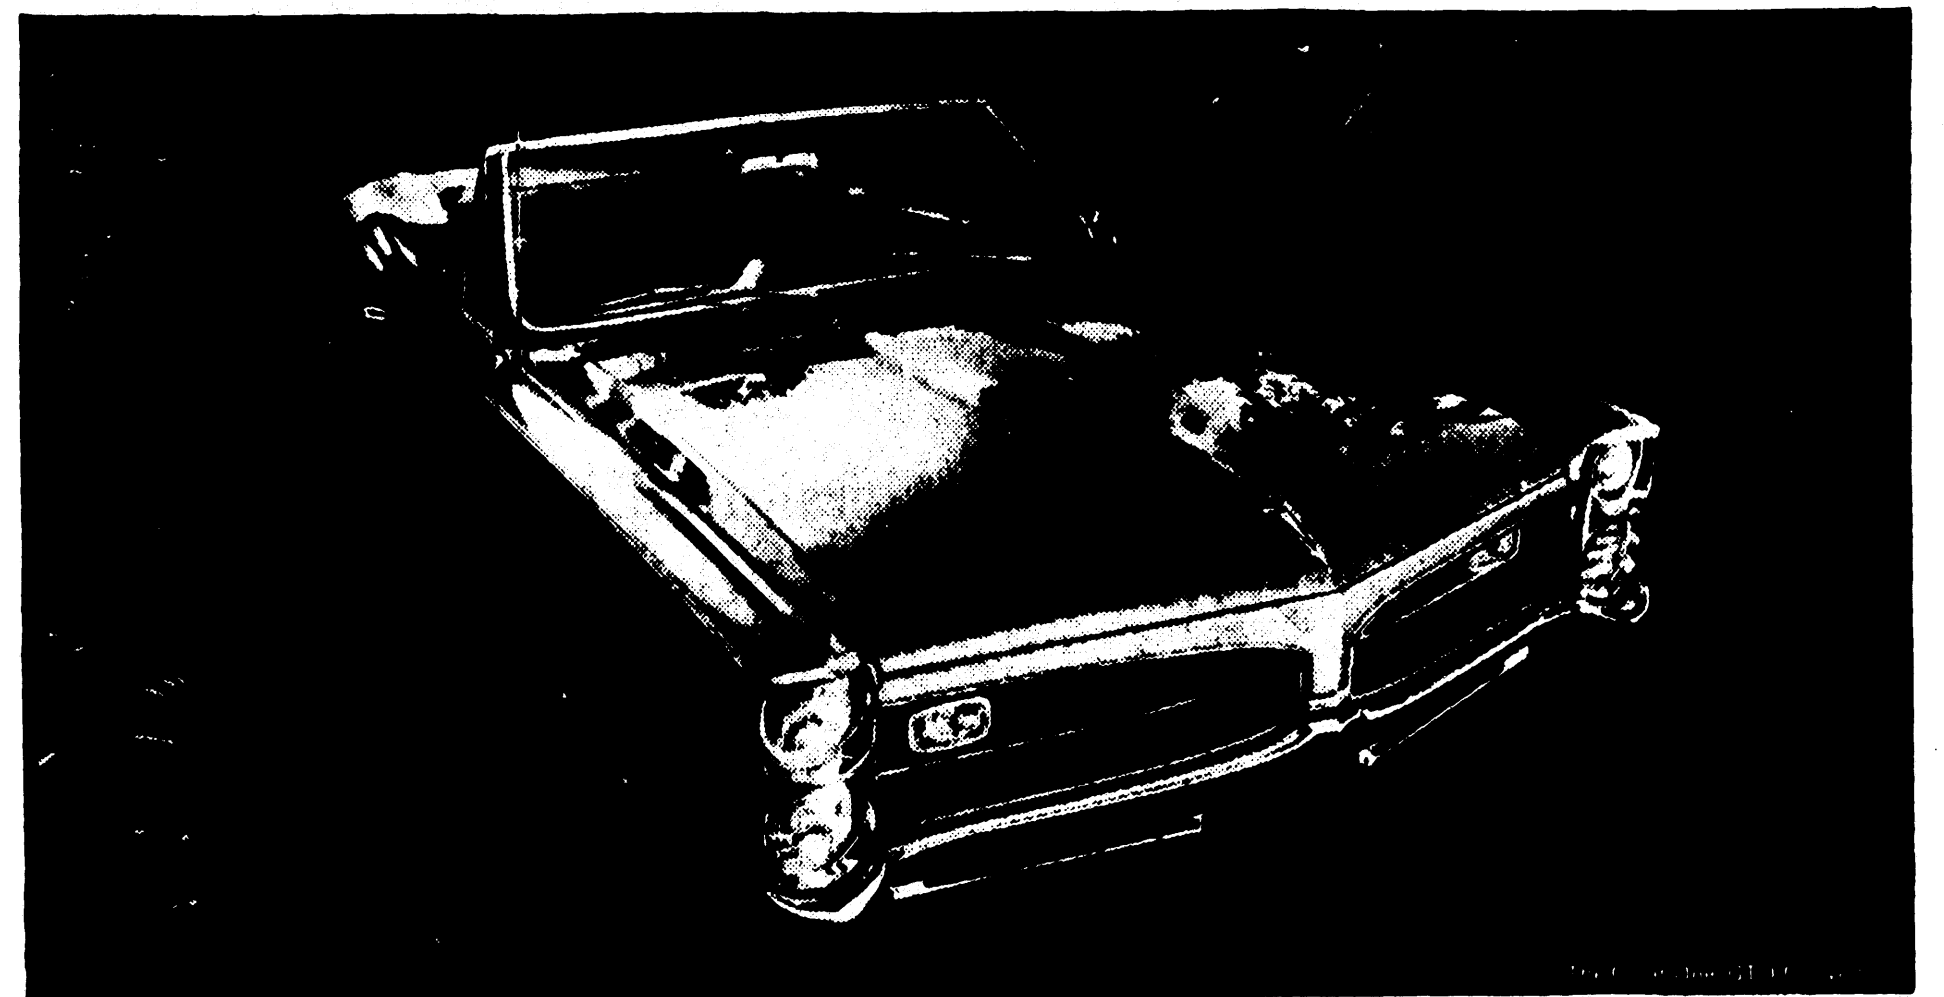

A 165-hp Overhead Cam Six is standard. Or you can specify a 215-hp version, a 250-hp regular gas V-8 or its 285-hp premium gas cousin. Or step into the newest grand touring car this side of the Atlantic with our OHC 8 Sprint package.

Our big Pontiacs are new from the famous split grille to the slickest innovation of the year — disappearing windshield wipers! They're less subject to freezing. And only Pontiac has them.

Also new: a Grand Prix convertible! There are new 400 and 428 cubic inch V-8s. New safety features such as front seat belt retractors, a four-way traffic hazard flasher, folding front seat back latches and General Motors' new energy absorbing steering column.

Of course, all Pontiacs come with the road-hugging security of Wide-Track.

Wide-Track Pontiac/67

The Wide-Track Winning Streak starts at your authorized Pontiac dealer's.

WITH IC HEV-E-DUTY POWER GAS BURNERS

More and more cost conscious people are switching to gas heat. . . And when they do, they specify and install Industrial Combustion HEV-E-Duty Power Gas Burners. IC burners are in use throughout the world with a fine record of savings and performance. Whether you plan to build or convert, remember, IC burners can be easily installed in existing furnaces and boilers. Whether you make the heating decisions for supermarkets, apartments, schools or commercial buildings — IC burners give you the quality and savings you can bank on.

- Gas heat ends storage and delivery problems.
- Gas heat costs less
- IC Gas Burners operate automatically and are easy to maintain
- Easily installed in your present heating plant

What Do 4-H Members Do?

- You learn new skills and how to make things.
- You attend meetings, elect your own officers.
- You make new friends and have fun with kids your age.
- You go to camp and attend county 4-H events.
- You earn an achievement pin for completing your project.
- You invite your friends to be in your 4-H Club.
- You pledge the 4-H pledge:

I pledge...
my Head to clearer thinking,
my Heart to greater loyalty,
my Hands to larger service,
my Health to better living,
for my club, my community and my country

4-H Is For You

- If you are between the ages of 9 and 18
- If you are interested in a 4-H project
- If you want to meet new friends
- If you want to become a good citizen

How Can I Belong To A 4-H Club?

- Get five or more boys and girls interested
 - Get your parents, neighbors or teachers to help as leaders
 - Contact your County Extension Office located at the County Seat for help in organizing your club.
- Contact the local leader of a 4-H Club in your community and ask to join. If there isn't a 4-H Club in your community you can form one:
Phone 786-3032 or
Write Delta County Building, Escanaba

MEET YOUR FRIENDS...

JOIN 4-H

We Urge All Parents To Investigate The Many Fine Opportunities Available To You And Our Young People In 4-H Club Work. We Express Our Admiration For The Fine Work Our 4-H Clubs Are Doing And Particularly The Contributions To Our Recent Upper Peninsula State Fair At Escanaba.

MANISTIQUE

Bignall Receives Education Award In Conservation

Biology Instructor Glenn Bignall, Manistique Public Schools, was presented the Conservation Education Award at the annual Northern Michigan Sportsmen Association's banquet at Republic Sunday Sept. 18.

Manistique won along with Ontonagon and Soo Loretto. The award is sponsored by the NMSA and goes to the schools that have done the best job in conservation education during the past school year.

Manistique won because of its fine job in developing an outdoor laboratory along the Manistique River near the school.

Church Events

Gas Extension Is Granted

A resolution granting a one year extension for Michigan Consolidated Gas Co. on its permit to provide service here was moved by the City Council Monday night on a 4-1 vote.

Councilman Leo DeMars dissented on the action. Thomas Horton, U. P. manager, Carl Seavitt, and Harry Middleton, Escanaba district manager for the gas company appeared to request the extension. Seavitt, who presented the request, said action by the Canadian Privy Council overruled approval by the Canadian Energy Board of construction of the pipeline from Emerson, Manitoba to Sarnia, Ont. via the U.P., the Straits of Mackinac and a line down the center of the lower peninsula.

The Canadian Privy Council has indicated the major lines should be in Canada. Presently there is a 30-inch line going across Northern Ontario which is not adequate for demand, Seavitt said. The proposed line of American Natural Gas and Great Lakes would serve eastern Canada, which has been supplied by the company from the Sarnia area, and would be \$83,400,000 cheaper than another constructed in the rock in the Canadian shield, he said.

Hope was expressed that the company could amend its proposed plans to meet Canadian requirements. In other action the Manistique city council tabled on a 3-2 vote a proposed ordinance on motorbikes. Nay votes were cast by Mayor Thor Reque and Merwin White. A resolution was adopted setting salaries of employees effective June 1. An increase of the assessor car allowance to \$25 per month was approved.

A 1-year use permit was approved for William Hentschell to use a trailer for an office at 234 S. Cedar St., where property has been purchased, until a building can be constructed.

Hospital

Admitted to Schoolcraft Memorial Hospital were Darlene Barker and Richard Johnston. Discharged were Shirley Barr and infant, Jerrilyn Potvin and infant Bert Chandler and William Fiegel.

MR. AND MRS. S. N. Grimes, 532 Oak St., are announcing the engagement of their daughter, Linda Kathleen to H. Marvin Curran, son of Mr. and Mrs. Harry Curran, Gulliver. Miss Grimes is attending Western Michigan University and Mr. Curran is presently employed at the County tax office. No date has been set for the wedding. (Mincoff Studio)

Heart Surgery Is Set For Child

Victoria Jean Evans, 3½, daughter of Mr. and Mrs. Eugene Evans, former residents will have heart surgery in October at the University hospital in Ann Arbor.

The child has a hole in her enlarged heart which will be repaired in the operation. Mr. and Mrs. Evans live in Ludington.

Mrs. Evans, a graduate of Manistique High School is a daughter of the late Mr. and Mrs. John Patz. The couple also has a daughter, Pamela, 10.

Births

Mr. and Mrs. John M. Barker, Germfask, are the parents of a daughter weighing 7 lbs. 2½ oz. born Sept. 26 in Schoolcraft Memorial Hospital. The mother was formerly Darlene Platt.

A son weighing 8 lbs. 3½ oz. was born Sept. 26 in Schoolcraft Memorial Hospital to Mr. and Mrs. Michael L. Lynch, Germfask. Mrs. Lynch is the former Anna May Ackley.

Germfask Hosts VFW Auxiliaries

Mrs. Barbara Bishop, of Detroit, VFW Auxiliary department president headed the list of persons at the well-attended 14th district VFW Auxiliary meeting hosted at Germfask on the weekend.

Attending from Manistique were Mrs. Eli Cousineau, Mrs. Edward Jorgenson, Mrs. Ralph Deloria, Mrs. Eleanor DeSautel, Mrs. Earl Malloch and Mrs. Paul Dragos.

The next district meeting will be held in spring in Republic and the next convention in Sault Ste. Marie in June. The pow wow will be held in Traverse City Oct. 8-9.

At its meeting here this week, the Manistique VFW Auxiliary unit was inspected by Mrs. George Cholger, past president. She was presented an award and gift. A movie was shown on the national home at Eaton Rapids, and an invitation was received to a meeting of the VFW Post Oct. 4.

Auxiliary members Thursday will make their regular visit to Newberry State Hospital.

Mrs. Ralph Deloria reported on a dinner served this month for the Little League baseball team.

Honor Two For History Work

LANSING (AP)—The Historical Society of Michigan has honored Floyd Haight of Dearborn and Mrs. Alice Miller of Ithaca for excellence in historical work.

Haight was chairman of the Michigan Civil War Centennial Observance Commission. Mrs. Miller compiled indices for public and private historical agencies in Michigan.

At its 92nd annual meeting, the society also elected former Congressman Alvin Bentley of Owosso as president, Richard Frank of Lansing as vice president and Maurice Cole of Ferndale as secretary-treasurer.

Anonymous Gift

WILLIAMSTOWN, Mass. (AP)—An anonymous donation of \$1.5 million has been made to Williams College to establish a visiting professorship in literature and provide summer study grants for junior faculty members.

Garden Peninsula

The Woman's Fellowship of the Fayette Congregational Church met Wednesday, Sept. 21 at the parish hall to complete plans for the annual Lords Day Auction to be held Oct. 8 at the Fayette Town Hall. Lunch will be served at 11:30 a. m. and the auction starts at 12:30 p. m.

Pfc. Lonnie McPhee, son of Mr. and Mrs. Gordon McPhee call his parents from Formosa after completing three missions in Viet Nam.

The evening circle of the Garden United Church of Christ met at the home of Mrs. Melanie Peterson.

The Mud Lake PTA will meet Tuesday, Oct. 4, 8 p. m. at the school. Hostesses are Mrs. Joe Peterson and Mrs. Gerald Bouchard.

A workshop meeting of the evening circle met at the home of Mrs. Ozzie Hazen. Five members were present to work on articles for the fall bazaar.

Miss Jeanne Thill, daughter of Mr. and Mrs. William Thill, Miss Carol Plante, daughter of Mr. and Mrs. Ernest Plante and Miss Linda Hermes, daughter of Mr. and Mrs. Richard Hermes returned to Escanaba Sunday where they are attending Bay de Noc Community College.

Mrs. Livica Spaulding was hostess to her circle from the St. John's church. After the business meeting a rummage sale was held and games were played. Six members were present and special guests were Mrs. Irene Mercier, Mrs. Vera Bernard, Miss Diane McCully, Mrs. Molly Guertin, Mrs. Annie Thibault, Mrs. Mandy Farley, Mrs. Betty Rochford, Mrs. Marian Cota, Mrs. Avis Anderson, Mrs. Mildred Haas.

A sign has been purchased for the public library. Funds were made available from over due books and the sale of old books. New library hours are Wednesday nights from 7 to 9 p. m. and Saturday, 2 to 4 p. m.

Miss Glenda Thill, Miss Virginia Willet, Miss Margaret Bernier, Miss Paulette Guertin returned to Marquette Sunday where they are attending the university.

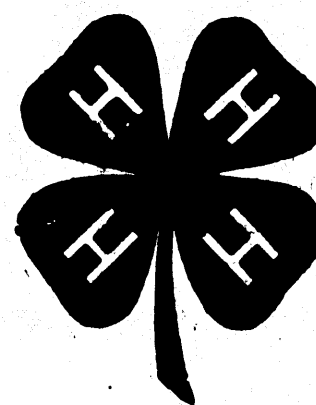

Briefly Told

State Police ticketed Romer Beveridge, Gulliver and William P. Nicholls, Houghton, speeding.

An Elks Memorial service will be conducted at 8 p.m. today (Wednesday) in Messier-Brouillette Funeral Home for Bruce McKilligan.

Child Safety Group Formed

The organization of a Delta County Chapter of the Child Safety Council has been completed and its president is Ellis E. Movallson of Gladstone. It was announced today by Jay H. Hunter, Iron Mountain, state safety coordinator.

Mrs. Marvin Larsen is vice president, Mrs. Donald Pfotenauer secretary-treasurer, Robert E. Barron Chapter coordinator and advisor, and Lawrence E. Klug distribution officer.

Hunter said that he will be cooperating closely with the chapter to assist in fulfilling its budget program for the coming year.

Honorary associate members of the chapter include Escanaba Police Chief Harold Finman, Delta County Sheriff Cully Johnson, and Gladstone Police Chief Carroll Johnson.

Others are Raymond Godmer, county school superintendent; Luther M. Barrett of Escanaba and Wallace Cameron of Gladstone, public school superintendents; and the Rev. Lawrence Gauthier, superintendent of parochial schools.

Principal objectives include a more extensive child safety program in Delta County, utilizing the superior visual child safety educational materials and services now available. The chapter expects to be instrumental in providing this complete program of educator-approved child safety guidance materials and other special services to every school age child in this area.

The safety program for children will begin with the distribution of graded safety guidebooks to each pupil in kindergarten through sixth grades. Other child safety materials include large colorful safety posters furnished each month of the school year, safety informational folders on timely subjects and hazards to childhood, and the free use of the national child safety film library.

Legion At Flint For Fall Meeting

KALAMAZOO (AP) — The annual fall conference of the American Legion of Michigan will open here Friday for three days of program planning by state, zone, district and post officers. State committee members and key post committee chairmen will also attend.

Obituary

ALICE VANDERVELLE
Funeral services for Alice Vandervelle were held at 11 a. m. today at the Immanuel Lutheran Church in Escanaba with the Rev. Roger Patrow officiating. Burial was in Gardens of Rest Cemetery. Pallbearers were six grandsons, Marvin, Ervin and John Vandervelle, Richard Dunas, Desire Wery and Elwood Way.

FRANK SKRUZIENSKI
Funeral services for Frank N. Skruzienski, former Harris resident, were held today at 10 a. m. from St. George's Church at Bark River. Rev. Thomas P. Dunleavy officiated. Burial was in the family lot in the Bark River Cemetery. Pallbearers were Joseph Cholewa, William Mankiewicz, Henry Berka, Frank Berka, Al Setta, Henry Polishak.

ELIN JOHNSON
Complete funeral services for Mrs. Elin Johnson were held at 11 a. m. Tuesday at the Anderson Funeral Home with the Rev. Erlend Carlson officiating. Burial was in the family lot in Lakeview Cemetery.

Union Delays Strike On American Airlines

BULLETIN
NEW YORK (AP) — The AFL-CIO Transport Workers Union announced today it was postponing its scheduled strike against American Airlines for 12 hours "in view of progress" made during all-night negotiations.

NEW YORK (AP) — Negotiators continued talks in hopes of averting a strike today by the AFL-CIO Transport Workers Union against American Airlines, the nation's second largest domestic airline.

The union said it would call its 12,000 nonoperating employees out on strike at 6:45 a. m., EDT. American, which operates 1,000 flights carrying 36,000 passengers to 44 cities in the United States, Canada and Mexico each day, escaped last summer's crippling 43-day strike by the Machinists' Union against five major airlines.

Involved in the current contract dispute with American are ground crewmen, mechanics, clerks, communication workers and supply personnel. They overwhelmingly rejected the latest company offer.

The union said it was seeking a 30 per cent wage increase. Hourly wages for its members now range from \$2.54 to \$3.57, the TWU said.

The company said its contract offer included an increase of 50 cents an hour in top wage brackets in a three-year contract. American contended this was several cents more than the machinists won in their strike against Eastern, National, Trans World, United and Northwest airlines.

The company also said its offer

for on fringe benefits was better than that given the machinists. The machinists signed a three-year contract, effective last Jan. 1, which will bring the top hourly scale to \$4.03. A company source reported the most difficult unresolved issue was a union demand for the proposed wage package to be included in a two-year contract, instead of in three years.

College Plans Cultural Events

Bay de Noc Community College will have a series of lectures, concerts, foreign films, and special seminars during the year.

The first program will be held Oct. 18 and all events will be open to the public as well as to the college students. The series is financed by an activity fee paid by the college students and by an admission charge to the general public.

Eugene Jemison, folksinger, artist and printmaker, will give a public concert of folk songs and ballads on Oct. 18. Jemison will also lecture on folk music at the college that afternoon and a demonstration of printmaking the preceding day.

Dr. Leroy Augenstein, chairman of the Bio-Physics Department of Michigan State University, will lecture on new developments in science on Oct. 19. He is widely noted for his abilities in new science fields and particularly for his ability to express and explain the concerns of science to the general public.

On Nov. 1 Theodore Ullman will present a piano concert. Ullman recently completed a world concert tour and received a score of competitive awards for superior music performance. His visit was made possible through a grant from the Louise Grace Memorial Fund, which pays part of the costs.

Dr. Norman Thomas, associate professors of political science at the University of Michigan, will speak on the elections on Nov. 3.

In the spring a week-long visit to the campus will be made by Ulicio Schettini, an Italian muralist. While on campus for the week he will make two public appearances and will complete a mural for the College.

A special performance will be presented by Frans Reynders in the art of Mime. Reynders was a student of Mime in his native Amsterdam and in Paris, following which he has starred in musical comedies in Great Britain and Europe.

The Arts Program is helping to provide some financial assistance to the College for the Jemison, Schettini and Reynders presentations.

Mixed in with these performances will be a series of seven foreign films particularly selected for their outstanding creativity and scope. This includes films from Sweden, Denmark, Germany, France, Italy, Ireland and Great Britain. In addition, studies of Charlie Chaplin films and others of special interest will be shown.

The College students also receive a limited number of Community Concert tickets on a first come, first serve basis. This will include Tom Krause, Douglas Davis, Lee Evans Trio and the Stockholm University Choir concerts.

Is Rusty Knife A Percy Clue?

KENILWORTH, Ill. (AP) — A rusty knife found near the beach home where Valerie Percy, 21, was beaten and knifed to death is being studied by the Chicago police crime laboratory.

The knife, with a three-to-four-inch blade, was found Tuesday on a bluff overlooking a public beach next to Charles H. Percy's private beach.

Valerie was fatally beaten and stabbed to death Sept. 18 in the family's lakefront home. Percy is the Republican candidate for the U.S. Senate.

Police Chief Robert M. Daley expressed doubt, however, that the knife was used by the slayer. He said the girl's wounds appeared to have been made by a longer blade.

Percy's public relations aide, Scott Cohen, said Percy probably would resume his campaign sometime in October. Cohen said, "There is no question but that he will resume his campaign."

Sen. Paul H. Douglas, D-Ill., who is seeking his fourth term in the November election, plans to resume his campaign tour early in October, an aide said. Douglas, after the slaying of Percy's daughter, said he had called off all of his speaking engagements.

Percy and his family have been in seclusion at an undisclosed site since last Wednesday, the day after Valerie's funeral.

Sgt. Johnson Is Discharged; Was In Viet Nam

Sgt. Ralph K. Johnson was recently discharged from the U. S. Army and is now employed here and is residing with his parents, Mr. and Mrs. Kermit Johnson of Soo Hill.

He served two years in the U. S. Army in Hawaii and in January this year was sent to Cu-Chi, Viet Nam, where he was with the 25th Infantry Division as communications chief until his discharge.

He received the Good Conduct Medal and the Bronze Star.

U.C.T. Dinner Is Saturday

The United Commercial Travelers of America will hold a Friendship dinner at the Terrace on Saturday, Oct. 1. The cocktail hour will begin at 6:30 p. m. followed by dinner at 7:30 with dancing later.

Representatives of the U.C.T. who will be present are: Billie Pohl, grand councilor; George Stolz, grand public relations and Lloyd Lancelass, supreme public relations.

Reservations are to be phoned in to John Dailey 786-2530 or Stewart Hill, 786-0161 no later than Friday noon.

Cream is composed of tiny drops of oil and fat that are lighter than the liquid portion of milk, so cream rises to the top.

Inez Kills Five, Judith Boils Up

SAN JUAN, Puerto Rico (AP) — Hurricane Inez, a killer storm that left at least five dead and vast damage on the Caribbean Islands of Guadeloupe, raked Puerto Rico with gales today and churned relentlessly toward the densely populated Dominican Republic.

At the same time more than 1,000 miles to the east, the 10th tropical storm of the season, Judith, boiled up in the tropical Atlantic.

Satellite pictures showed that Judith grew to storm intensity not far south of the spot where Inez began her long and murderous journey.

Gales began lashing the vacation island of Puerto Rico during the morning and were expected to keep it up during most of the day as the tightly coiled storm whipped about 75 miles south.

The Weather Bureau warned the eight million people in the Dominican Republic and Haiti that they were in the direct path of the storm's arrow — straight westerly course.

Judith also spun westerly toward the often-battered Windward Islands from a spot about 2,000 miles southeast of Miami, Fla. Forecasters said the satellite pictures indicated top winds were 45 m.p.h. but could be much higher. A hurricane hunter plane will check the storm's development tonight.

Parents Sponsor Rummage Sale To Benefit Holy Name

The second annual Fall rummage sale sponsored by the Holy Name High School Parents Club will be held in the exhibition building of the U.P. State Fair Grounds Oct. 21 and 22. Hours of the sale will be from 9 a. m. until 9 p. m. on Friday, Oct. 21, and from 9 a. m. until 6 p. m. on Saturday, Oct. 22.

Proceeds will be used to purchase equipment for the students of Holy Name High School.

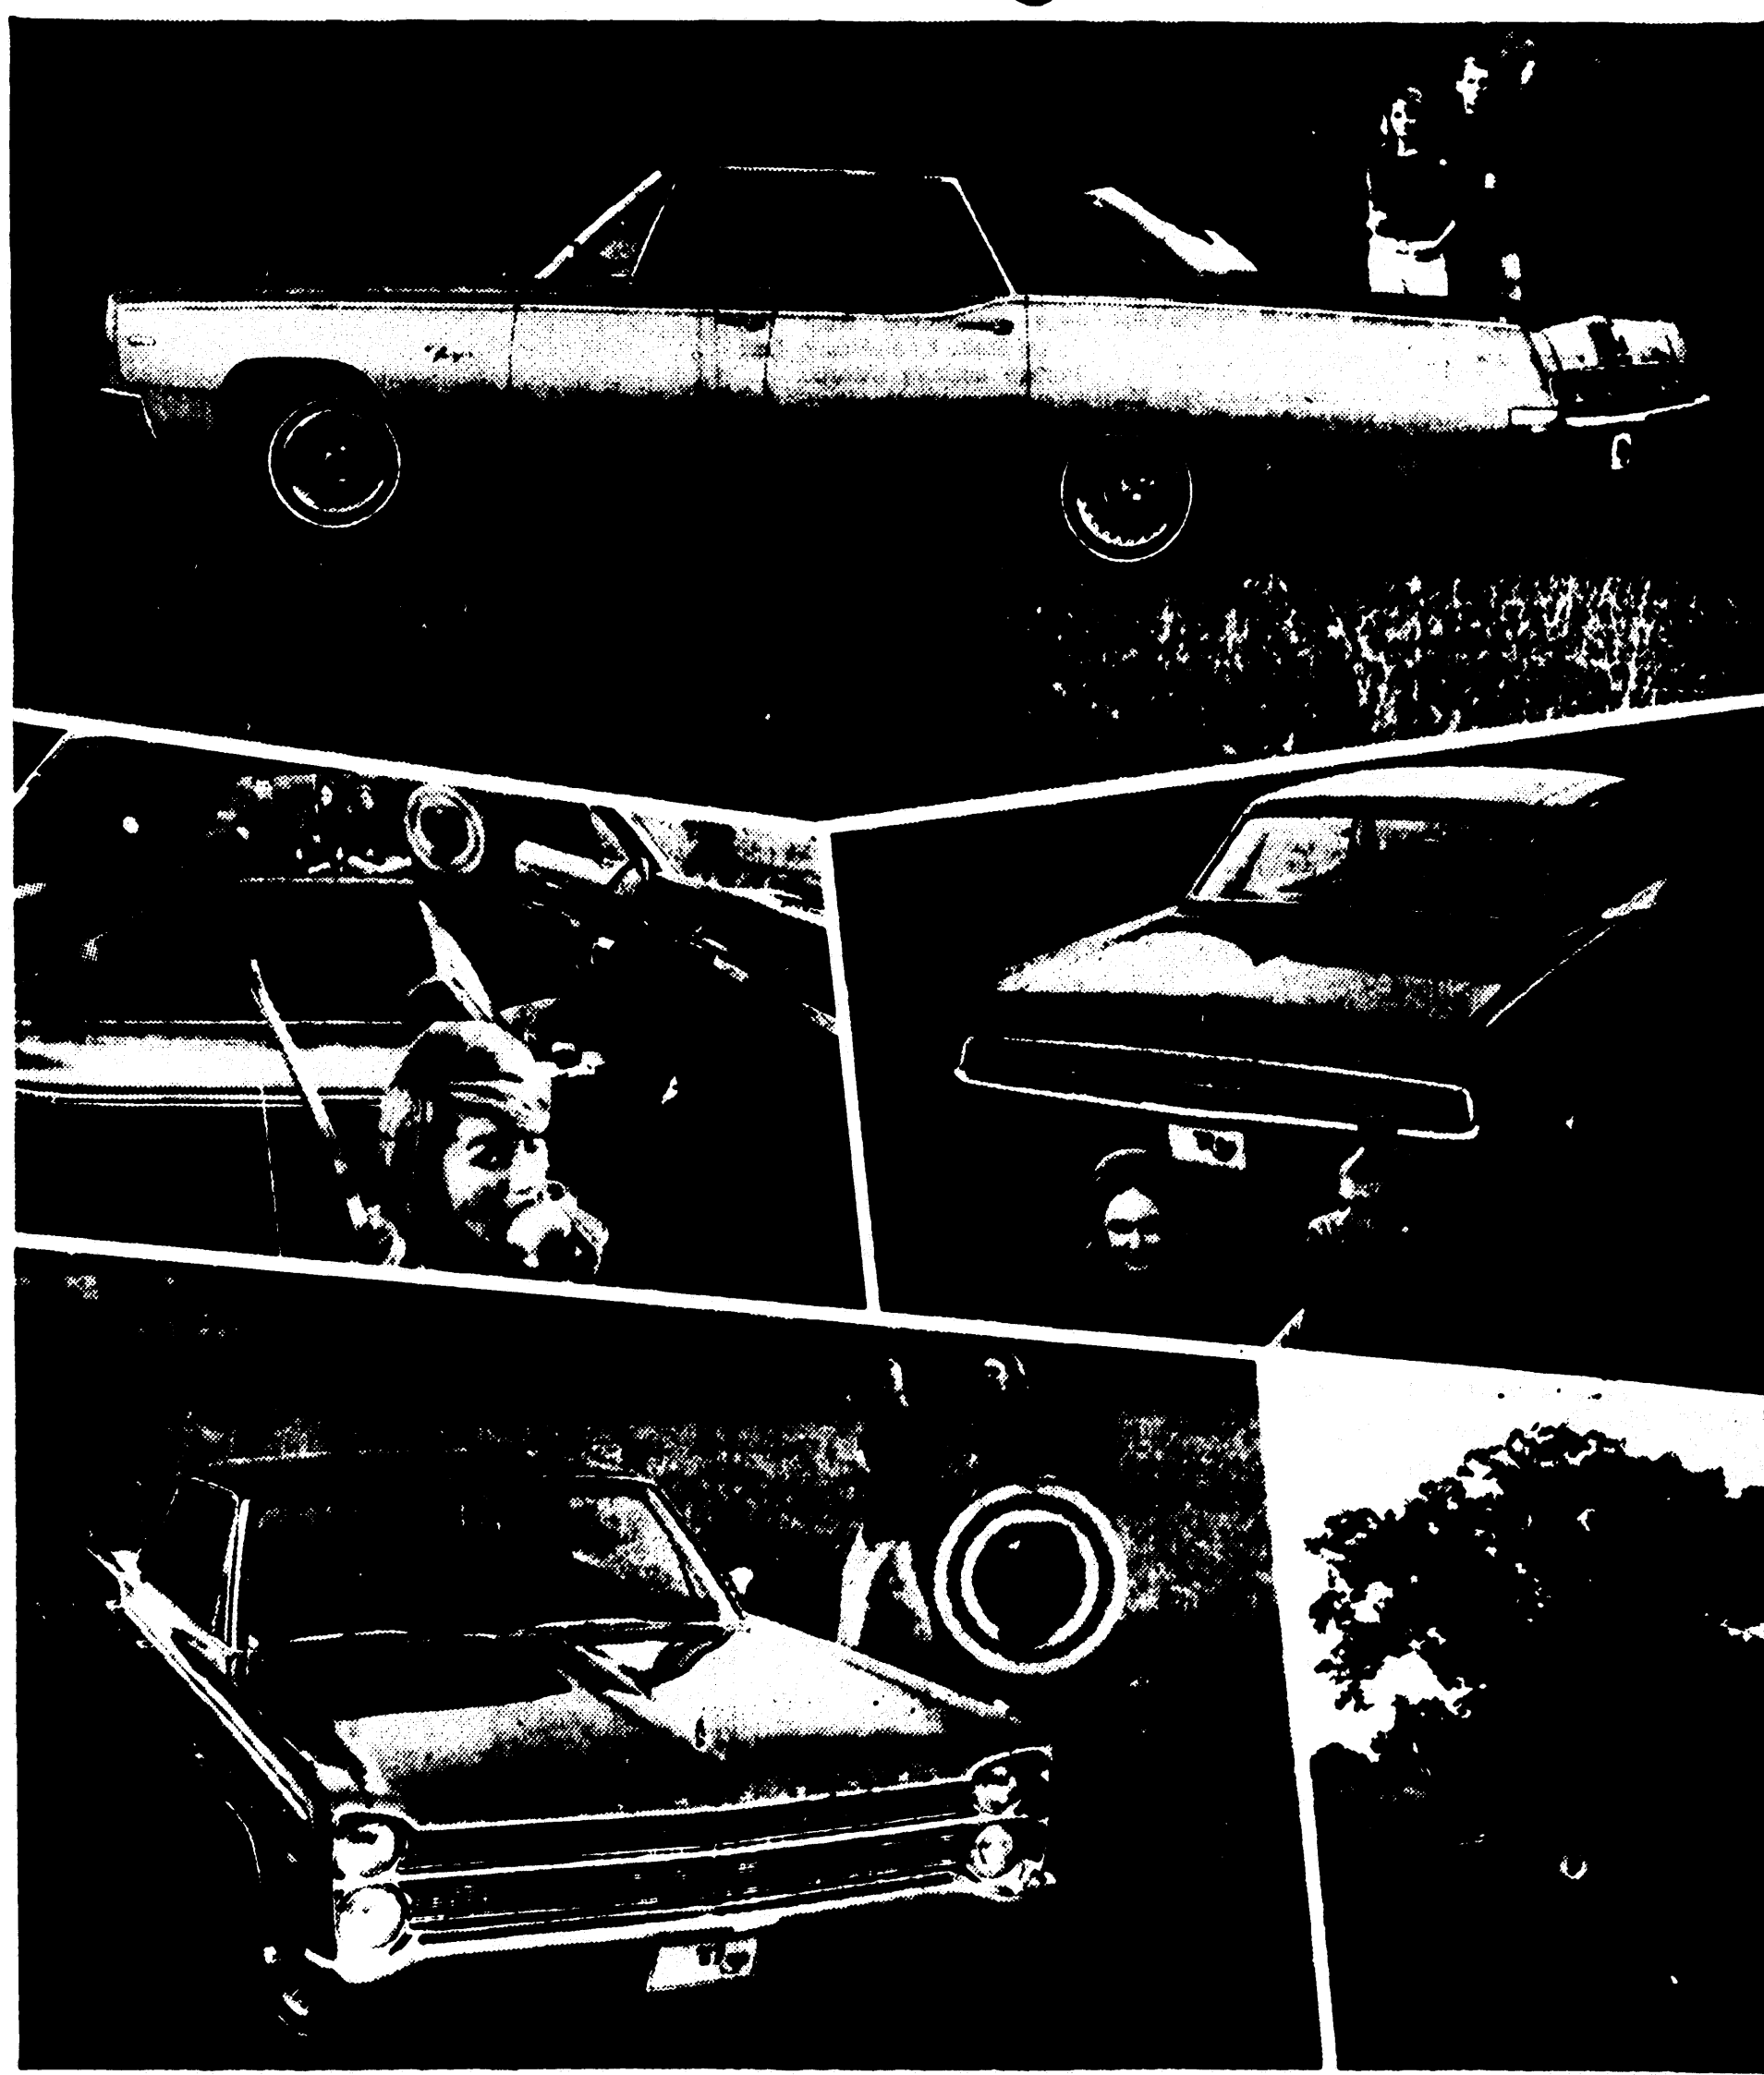

Persons having articles to donate may bring them to Holy Name High School or to the exhibition building at the Fair Grounds any weekday morning or afternoon. Articles will be picked up by calling the chairman, Mrs. Ray Laporte ST 6-1673 or Mrs. Earl Veldman, ST 6-6776.

Briefly Told

Escanaba police have issued a traffic court summons to Matthew G. Poltin, 1211 S. 15th St., for disobeying a stop sign.

Absent voters ballots for the Nov. 8 general election have been received at the office of City Clerk Don Guindon. Applications for ballots should be addressed to the clerk at the City Hall by those who will be unable to attend the polls or be out of the city on election day. The absent voter ballot deadline is 2 p. m. Nov. 5.

Plymouth is out to win you over this year.

Soviet Union Seen As Viet Nam Peace Broker

By LEON DENNEN

UNITED NATIONS, N. Y. (NEA)—Peace in Viet Nam is still a dim hope but there is increasing evidence that Russia is again maneuvering quietly to bring the United States and Ho Chi Minh's government to a conference in Geneva.

Only two months ago, Soviet Premier Kossygin told President de Gaulle that the same ministers of Britain and France that he will make no secret move without first getting the approval of North Viet Nam.

What made him change his mind? According to diplomats from East Europe, the Hanoi regime has asked Moscow to explore the possibility of peace

Red China have reached a point of no return.

Slightly before his fall from power, Russia's ex-Premier Nikita Khrushchev was ready to break completely with Peking. But his uneasy successors, Communist party chief Leonid Brezhnev and Kossygin, tried desperately to patch up their relations with Mao.

Mao, for whom "Sovietism" and "revisionism" represent a betrayal of the true Marxist-Leninist revolution, refused to play their game. Instead, he launched a widespread purge of China's Red elite which, among other things, was designed to eradicate all real or potential pro-Russian elements in China.

ALEXSEI KOSYGIN

negotiations on the basis of the 1954 Geneva agreement.

North Viet Nam's President Ho Chi Minh, who received his training as a Communist in Moscow, was always pro-Russian and anti-Chinese. It has long been known in international Communist circles that he does not trust Mao Tse-tung.

However, until Communist North Korea, the Japanese Reds and other Asian Communists parties came out openly against Mao's suicidal policy of revolutionary brinkmanship, the North Vietnamese had to play a cautious game in their relations with their powerful Chinese neighbor.

Ho Chi Minh's hands were tied by a pro-Chinese faction in Hanoi which included such powerful men as Premier Pham Van Dong and Gen. Vo Nguyen Giap.

What makes Russia's renewed peace offensive even more significant is the fact that it comes after a secret visit to Moscow by Van Dong and Giap and after the elections in South Viet Nam in which the Viet Cong were repudiated.

But there is still another reason, which overshadows all others, for Moscow's decision to resume the role of an honest peace broker. In the view of the East European diplomats, relations between Russia and

influence of the Chinese purge and the unprecedented rampage of the teen-aged "Red Guards" under Mao's benign smile.

World communism is now split irrevocably into two hostile camps.

For Mao, it is clear, there is no road back. He decreed that the Russians are the embodiment of all evil and the worst enemies of the revolution. He cannot longer consider any joint action with Moscow in Viet Nam and elsewhere except at the risk of demoralizing his supporters.

Judged by the Russian press and recent statements by Romanov, Czechoslovak and Polish

HO CHI MINH

Communists, the Soviet leaders have also finally realized that the die has been cast.

After months of vacillation and inertia, they are now free to seize the diplomatic initiative in Southeast Asia without paying lip service to "Comrade Mao Tse-tung."

This does not mean that a peace conference on Viet Nam is around the corner. Moscow is compelled by Communist ideology to move cautiously. As the self-appointed champions of anticommunism, the Russians must give aid and comfort to North Viet Nam and continue to castigate "imperialist" America even while they maneuver for a peace conference.

Since the 1955 summit conference in Geneva, which perpetuated the division of Germany, the Russians have been convinced that they could gain more concessions from the United States by diplomacy than through military threats.

Dominican Coup Reports Called Red Propaganda

SANTO DOMINGO, Dominican Republic (AP)—Reports here and abroad of an imminent coup look like part of an opposition plan to create an air of mutual distrust between President Joaquin Balaguer's government and military leaders.

By disrupting relations between the Dominican government and armed forces, the opposition hopes to promote a climate of political unrest such as led to the overthrow of ex-President Juan Bosch three years ago. Another objective is to frighten away foreign and local investment.

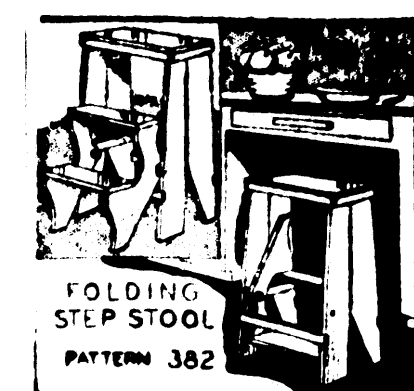

Responsible national figures and U.S. and other foreign diplomats give the scheme little chance of success, primarily because of the armed forces support of the government.

The more radical wing of Bosch's Dominican Revolutionary party and extreme leftists are apparently behind the coup propaganda. The central theme is that right-wing extremists, some in the army, are plotting to overthrow Balaguer. Havana radio recently broadcast these reports.

Ford Truck Order

WASHINGTON (AP)—The Army has awarded a \$6.8 million contract to Ford Motor Co., Highland Park, Mich., for construction of 2,500 trucks. It was announced Tuesday through the office of Sen. Philip A. Hart, D-Mich.

MID-AIR CATCH is effected successfully in testing of a new technique for recovering parachuting pilots before they touch ground. The tricky procedure requires a close pass by a specially equipped recovery plane to snag the parachute. Chute and pilot are then reeled in by winch through the plane's recovery hatch. Parachutist Chuck Alexander, being pulled in during a test over Georgetown, Del., above, has twice successfully tried out the technique which is potentially of use in recovering pilots bailing out of damaged planes over Viet Nam and in picking up returning space craft during descent to earth.

Industrialist Claims Pollution Problems Are For Everybody

KANSAS CITY, Mo. (AP)—An industrialist informed a water pollution control conference here that the problem is everyone's, not just industry's alone, and explained its attitude.

"If we are to solve it, we must all contribute," Herbert D. Doan, president of the Dow Chemical Co., said in a prepared statement.

Doan was one of a panel of speakers scheduled at the 39th annual meeting of the Water Pollution Control Federation. Others included Sen. Edmund S. Muskie, D-Maine; James Quigley, commissioner of the Federal Water Pollution Control Administration; and Dwight F. Metzler, deputy commissioner of the New York State Health Department.

"Business corporations are basically economic animals," Doan said, "and if you look at them with this in mind you can

usually figure out why they behave as they do.

Extra Burden

"Looking at pollution realistically, abatement is nothing but an extra burden, if you consider it from an economic viewpoint. If you are a stockholder, pollution control only takes money out of your dividend check; if you are in management, the money you spend for pollution control is money right out of your profits," Doan continued.

"The long-term economic answer for industry is to control pollution. As it is with so many other unavoidable problems, the least costly answer is to do it now.

"Industry must be an active, even an aggressive participant in the clean water program. As industry solves the problem of managing its wastes, it is going to continue to find new ways of

solving water problems. The task ahead for industry is enormous. But I am confident that industry will respond, as it always has when the chips are down."

Challenge To All

Metzler agreed. "The task of cleaning up the nation's waters and keeping them clean presents a challenge to us all," he said. "It will not be done unless local communities and states face up to their responsibilities."

Quigley said his office has issued grants to Minneapolis, St. Paul and Detroit for projects aimed at reducing the amount of overflow from storm and sanitary sewers that dump untreated wastes into lakes and rivers.

"These cities," Quigley said, "seek to set up a system of traffic control for storm flows. If this system works, instead of having a combined sewer's overflow in that part of town where it is raining hardest, the excess flow would be routed to other parts of town where it has not yet rained, or where the rain has stopped."

In nautical terms, "tacking" is changing course while going to windward.

6 Calls: \$1,192.40

TUCSON, Ariz. (AP)—Kathleen Hunt received six collect telephone calls from her soldier husband in Viet Nam last month. Recently she received the bill — \$1,084 — plus federal

tax of \$98.40. Mrs. Hunt, a University of Arizona student from Pittsburgh, doesn't doubt that the bill probably is that much. She said she'll offer to pay \$800 in one lump and \$100 a month until the bill is paid.

Introducing two of the most radical changes in Volkswagen history.
Can you spot them?

Did you notice that the headlights are vertical now instead of leaning back a bit? That doesn't make the car look any better. But it makes the road look better by making the lights a little brighter.

And that little hump in the back? We did that to hold the license plate up straight so the police can read it better. (Sorry.)

What you won't notice without driving the new model are the big improvements.

The engine has been enlarged to a ferocious 53 horsepower. That only adds 3 m.p.h. to the top speed. Because we put most of the additional power where it would make the engine accelerate faster, turn slower and last even longer.

Now that the VW is getting to be such a hot car, we put in a couple of things to slow it down. Dual brakes.

The front wheel brakes are completely independent of the rear wheel brakes. So if you ever lost the front wheel brakes, you could still stop the back of the car. (Which automatically stops the front of the car too.)

The new VW also has seat belts, backup lights and recessed door handles as standard equipment. In fact, this year we made so many changes on the Volkswagen that we thought we'd better make one more.

We wrote "Volkswagen" on the back of the car to be sure everybody would know what it was.

Linda Dahlquist Wed To Elliot Wai Lum

Vases of all white carnations, ette Lum, sister of the bride-pompoms and gladioli adorned the altar of Bethany Lutheran Church in Escanaba on Saturday, Aug. 27 for the wedding of Linda Ruth Dahlquist and Elliot Wai Leon Lum.

The Rev. Dr. Walfred Nelson heard the solemn exchange of vows during the double ring nuptials at 3 p. m. Mrs. David Dahlquist sang "The Song of Ruth," and Conrad Beck offered "The Wedding Prayer," and "The Lord's Prayer."

The bride is the daughter of Mr. and Mrs. Ivan Dahlquist of Willow Creek Road, Escanaba and parents of the bridegroom are Mr. and Mrs. Yau Fai Lum of Honolulu, Hawaii.

Silk Linen
The bride, chose for her wedding, a formal length gown of white silk linen styled with a pleated mantle train, scoop neckline and short sleeves of Venetian lace. A small Dior bow of white silk linen held her veil of imported silk illusion and she carried a cascading arrangement of white carnations with ivy foliage and centered with a white orchid.

Maid of honor was Miss Jean Dugeon of St. Clair, Mich. and bridesmaids were Nancy Anderson of Escanaba and Lyn-

ette Lum, sister of the bride-pompoms and gladioli adorned the altar of Bethany Lutheran Church in Escanaba on Saturday, Aug. 27 for the wedding of Linda Ruth Dahlquist and Elliot Wai Leon Lum.

Flower girl was little Pamela Olson and she was attired in a Nile green chiffon gown and carried a white basket filled with pompons. Ring bearer was Mark Olson and alcolyte was Bob Anderson.

Serving as bestman was Reger Premo of Birmingham, Mich. and seating the guests were David Dahlquist of Escanaba and John Ambrose of Detroit.

Mrs. Dahlquist chose for her daughter's wedding a three piece crystal blue silk suit with matching accessories and a corsage of pink sweetheart roses. Mrs. Lum selected a two piece chiffon ensemble of Pakalana green with matching accessories and a corsage of yellow sweetheart roses. Mrs. Amanda Dahlquist, grandmother of the bride, was also presented a corsage.

Receptions

The wedding reception was held from 4 to 7:30 p. m. at the Della Supper Club and assisting with duties were, Miss Diane Anderson, at the punch bowl; cutting cake and pouring coffee, Miss Carolyn Lum; and circulating the guest book were Patti Anderson and Cathy Olson.

For their wedding trip to Mackinac the bride wore a blue knit suit with matching accessories and a white orchid corsage.

The couple now reside in Ann Arbor where Mr. Lum is working on his Masters Degree in Electrical Engineering at the University of Michigan. The bride is a 1966 graduate of the U. of M. School of Nursing.

Out of town guests attended from Honolulu, Washington, D. C., Boston, Mass., Chicago, Milwaukee, Ann Arbor, Appleton and Sault Ste. Marie, Canada.

Mrs. Elliot Wai Leon Lum (Delta Studios)

Miss Johnson To Be Bride In November

Mr. and Mrs. Victor Johnson of Carney announce the engagement of their daughter, Elaine Mary, to Edward George Cottrell, son of Mr. and Mrs. James Cottrell of Wilmette, Ill.

Miss Johnson is a 1964 graduate of Carney High School and a graduate of the Green Bay Business College. She is presently employed at John A. Colbys of Evanston.

Her fiancé is a graduate of New Trier High School of Wilmette and holds a Masters Degree in financing from Northwestern University. He is employed by the Washington National Insurance Company of Evanston.

A Nov. 5 wedding is planned by the couple.

Elaine Mary Johnson

Personals

On Sunday, Sept. 25, Mr. and Mrs. R. L. Godmer were hosts to a buffet style luncheon at their home in honor of their son Adam's baptism. Attending were Rev. and Mrs. John Alford, Mr. and Mrs. P. A. Murphy, Mrs. Margaret Godmer and Mr. and Mrs. Raymond R. Tardiff.

Pack potato salad into a glass pie plate that slips into a "basket" holder. Garnish the top of the salad with wedges cut from canned pimiento and green pepper and you'll have a pretty "pie."

Girl Scouts To Meet Friday

The South Delta Neighborhood of the Delta County Girl Scout Council, will have their organization meeting on Friday, Sept. 30 at 2 p. m., at the Carnegie Library. All registered adults are urged to attend.

A special invitation is extended to former leaders to attend and offer ideas for the good of the Girl Scout Council.

Isabella Circle Fall Social Is Successful

A most successful affair was the Fall social held at the Teamster's Hall Monday, Sept. 26 for the benefit of the Marygrove Retreat House. Over 200 persons attended the card party sponsored by the Daughters of Isabella Trinity Circle 382.

Fall decorations were apparent on the individual tables and on the special prize tables. Dessert was served followed by cards of the players choice and several door prizes were awarded.

Mrs. John Sankovitch and Mrs. Fred Courrier were co-chairman of the affair assisted by the regular committee and a special committee of the officers.

The next business meeting will be held Oct. 10 with election of officers. Mrs. Louis Carr is chairman and all members are asked to be present.

Social-Club

Bake Sale
Rebecca Lodge 179 is sponsoring a bake sale Friday, Sept. 30 at 2 p. m. at the Odd Fellows Hall, located on N. 10th St., Escanaba.

Peace Circle
The Peace Circle of the Bethany Lutheran Church will meet at 8 p. m. Thursday at the home of Mrs. Dagny Beck, 1117 Sheridan Road, Escanaba.

Scout Troop 24 Elects Officers

Officers of Girl Scout Troop 24 sponsored by St. Patrick's church were elected at a meeting last week.

Chosen were Judy LaMarche, scribe; Kathy LeClaire, treasurer; Julie Berg and Mary Lynn Jones, patrol leaders, and Deborah Savard and Vikki Fix, assistant patrol leaders. The troop also welcomed new members and renewed the Girl Scout promise.

Leader is Mrs. John Ryan assisted by Mrs. Glenn Toller. Next meeting is scheduled Oct. 13.

Births

ELIE—Mr. and Mrs. Larry Elie of Holland, Mich., are the parents of a daughter, born at 3:06 a. m. on Sept. 27. She has been named Michelle Lynn. The infant is the fifth child and first girl in the family. Mrs. Elie is the former Victoria Charlebois of Escanaba.

LINDSTROM—A son, Ronald John, was born to Mr. and Mrs. Ronald Lindstrom Jr. of Flint on Sept. 27. The infant weighed 7 pounds, 13 1/2 ounces at birth and is the first child in the family. The mother is the former Diane Pare. The infant is the first grandchild of Mrs. Rose Pare and Mr. and Mrs. Ronald Lindstrom Sr., and is the first great grandchild of Mr. and Mrs. Adolore Pare of Escanaba.

Square Dancing Tonight At 8

Square dancing for beginners will be held at 8 p. m. today at the Eagles Hall. All couples interested in learning to square dance are invited to attend this session.

A square dance workshop will be held Thursday, Sept. 29 at 8 p. m. at the Eagles Hall.

Unless you have a special range that does not require pre-heating, be sure to pre-heat the oven before baking cakes and cookies and other such products.

BUICK
'67

Your Quality Buick dealer says, "Now! like nobody else. He's got a line of cars new from engines to brakes to the new GM safety features. And nothings now or then the Buick look. You could spend a lot of time just looking. But wait till you get your hands on the keys to one of these '67 Buicks. You think they're going to be easy to give up? Come to think of it, why should you give them up? Four out of five new car buyers pay Buick sized prices. Make sure you get the Buick and all the good things that go with it."

Eaton Yale & Towne Bringing Gladstone

\$5 Million Annual Outlay

With dedication of the new Eaton Yale & Towne facility here scheduled for Oct. 11, a branch of one of the fastest growing segments of industry will become entrenched in Gladstone.

This is the industrial power transmission field and the new plant, that nearly quadruples the former manufacturing and office space of Eaton Yale & Towne here, will produce the versatile sheaves and pulleys for equipment used to turn out products ranging from bicycles to trucks, and from agriculture to aerospace and defense.

The new facility for Eaton Yale & Towne's Mechanical Power Transmission Division will mean an estimated additional expenditure of about \$5 million annually by the company in Gladstone in the payment of salaries and wages, the purchase of supplies and for various services. It will also mean an eventual increase in employment to about 300 from the present 125 workers.

Plant Enlarged

When Eaton Yale & Towne acquired the original plant in early 1935, it had 17,000 square

John C. Virden
Chairman of the Board

feet of manufacturing and office space and employed eight workers. An immediate expansion raised the floor space to 25,000 square feet, and employment to around 50 people.

The latest expansion, which will be dedicated in ceremonies to be held Oct. 11, has added another 100,000 square feet of manufacturing and office space to take care of the rapidly expanding demand for sheaves and pulleys.

One of the major factors in Eaton's decision to make Gladstone a large power transmission center was the fine spirit of its citizens.

William A. Mattie, group vice president—General Products, explains, "When Eaton Yale & Towne conducted its search to locate a site for its MPT facility, we examined a number of areas which proved generally suitable. All of these were discarded in favor of the Gladstone area where we already had a small operation, were familiar with the labor supply, and where we felt our relationships over the years

would prove to be the most productive."

"Fine Cooperation"

Fred L. Hopf, general manager of Eaton's Dynamic Division at Kenosha, Wis., adds, "We have received fine cooperation from the city, county, and the union and citizens of Gladstone, and we look forward to continued good relations with all of these people."

Power transmission products to be made in the expanding facility include V-belt sheaves, vari-speed drives and multi-pitch sheaves. Some 70 per cent of mechanical power driven mechanisms not directly connected to a power source use a V-belt drive. These drives are used in every imaginable application from the coal mine to the amusement park.

Eaton Yale & Towne supplies parts and products for trucks and off-highway vehicles; industrial, marine and consumer products; locks and other builders' hardware; materials hand-

ling and construction equipment; and automobile parts and accessories.

The company has 78 divisions, subsidiaries and associate companies, operating some 84 plants in 12 countries of the free world.

Near Billion In Sales

Sales of the company, which in 1935 held the position of 100th largest industrial firm in the United States, will approximate \$800 million in 1936 as compared with slightly more than \$700 million in 1935. A growth through diversification program has carried the volume from around \$236 million back in 1931 to its present record.

The management is headed by John C. Virden, chairman and E. L. Ludvigsen, president, both of whom are expected to attend the dedication ceremonies. In addition, a group of 25 officers and staff personnel is planning to join in the tour of the plant and dinner that evening at The Terrace.

Cornell Father Pleads Innocent In Bus Incident

A 42-year-old Cornell father was arrested by State Police of the Gladstone Post Tuesday on a charge of disorderly conduct after a complaint was signed by a Marquette County school bus driver before Justice Arthur Burkman of Gwin.

Jerome DeBacker pleaded innocent to the charge when arraigned and was released after posting \$50 bond. Trial date was not set.

State Police said complaint was signed by Ronald Doyen, 33, of Arnold, a school bus driver for Wells Township school district, Marquette County, after he was allegedly pulled off the bus and abused by DeBacker Tuesday morning at the Arnold General Store.

Officers said the incident apparently arose when Doyen refused to pickup DeBacker's children Tuesday after he put them off the bus for bad conduct Monday.

Plane Waits Out Low Lying Cloud

RICHMOND, Va. (AP)—A surprised construction team working on an unused portion of Interstate 64 recently looked up to see a small private plane land on the pavement.

The unidentified pilot, en route from Syracuse, N.Y., to Leesburg, Fla., with one passenger, told police he was forced down because of poor visibility.

The pair took off after the low cloud ceiling lifted.

Rigney Rehired By California

ANAHEIM, Calif. (AP)—"It's the best contract I have ever had," said Bill Rigney, who will return in 1937 for his seventh season as manager of the California Angels.

Rigney, 48, the senior manager in the American League, confirmed Tuesday that he could have had the Detroit managerial post if he had wanted to make the move. Instead, he accepted another one-year contract at Anaheim.

GLADSTONE McCarthy Laundry Is Having Grand Opening Beginning Thursday

THE MCCARTHY Maytag Laundry Center at 1020 Delta Ave., Gladstone will open Thursday with a celebration continuing through Saturday, offering refreshments and souvenirs. (Daily Press Photo)

A grand opening celebration at the McCarthy Maytag Laundry Center at 1020 Delta Ave. will be held Thursday through Saturday according to Jim McCarthy, owner of the recently completed laundry. Coffee and doughnuts will be served to all attending and souvenirs and prizes will be presented.

McCarthy said the modern laundry is equipped with 16 Maytag automatic washers, specifically designed for commercial use, six double-load washers and a large water extractor for rugs and extra heavy loads. Eight dryers are available to complete the washing process.

Modern chairs and low tables provide the customers with convenient sit-down space for easy folding of clothes. The latest in water heating, softening equipment, coin-changing and other vending machines offer a complete line of laundering aids.

McCarthy said the laundry will never close, permitting use of the facilities at any time of the day or night.

A color array of pennants, streamers and balloons will decorate the laundry during the grand opening and gifts will be presented to guests attending.

Gladstone Seniors Choose Van Horn Senior President

Gladstone high school seniors have elected Jack Van Horn president of the Class of 1937.

Other senior officers elected were Donna Young, vice president; Linda Rockburg, secretary and Laura Cartwright, treasurer.

Officers of other classes, listed president, vice president, secretary and treasurer, respectively, are: Juniors—Mike Maniaci, Bill Johnson, Diane Ottensman and Bill Bouchard; Sophomores—Bruce Richards, Bill Marmalick, Jane Hupy and Eric Treichel; Freshmen—Tom Becvar, Gary Goodman, Nancy Gillis and Mark Oja; 8th Grade—Gray Young, Greg Nelson, Gale Soderman and Terri Demeter; 7th Grade—Sally Sjoquist, Barry Holm, Patti Olson (secretary-treasurer).

Student council representatives are Karen Becvar, Susan Schram, John Burck, Michele Krout, grade 12; Peter Jarvis, Vickie Phalen, Julie Sargent, grade 11; John Wason, Barbara Marshall, Judy Reese, grade 10; Randy Peltonen, Gary Goodman, grade 9; David Ottensman, Janet Rockburg, grade 8; Charles Moreau, Nancy Labre, grade 7.

Personals

Mr. and Mrs. Albert Harris, of White Cloud, Minn., are visiting with their mothers, Mrs. A. H. Harris, 811 Michigan Ave., and Mrs. John Strand 822 N. 7th St.

Yvonne Austin, Honor Student

Yvonne Austin, daughter of Rev. and Mrs. Dana M. Austin, 607 Michigan Avenue, Gladstone, received the "Outstanding Student" award in Key Punch Operation at graduation ceremonies held Sept. 10 in the auditorium of the First National Bank Building, Minneapolis.

Miss Austin was graduated from Gladstone High school in 1932 and attended Bay de Noc Community College for two years before attending the Electronic Computer Programming Institute, where she took the summer course in key punching and peripheral equipment, scoring a 98 per cent overall average. She is presently employed as secretary to the Director and plans to begin the October evening course in data processing and computer programming.

Gail Foster, also from Gladstone, is attending E. C. P. I. and will finish the course in November.

with Ray Crandall

In addition to fourth rated Ironwood, Upper Peninsula teams listed in this week's state Associated Press football poll include Calumet, Holy Name, Menominee, Ishpeming and Negaunee. In the Class C list, St. Ignace is rated third in the state while Stambaugh, Lake Linden, L'Anse and Engadine are included in the top 30 teams.

Bill Zhukie passed for one touchdown and ran for another as Ishpeming knocked Munising from the U.P.'s undefeated list, 20-0. That also threw the Great Lakes Conference race into a three-way tie for first place with Ishpeming, Munising and Negaunee all owning 3-1 marks. The GLC has provided a real scramble to date with Ishpeming beating Munising, Negaunee bumping off Ishpeming, Munising topping Marquette, Marquette downing Negaunee.

The Gwinn Model Towners fashioned their second victory of the season by scoring two touchdowns in the first half and hanging on for a 12-6 verdict over Norway. Mary Williams scooted 46 yards for one TD and Randy Foster pounded over the oneyard line for the second. Foster was a workhorse with 24 carries for 112 yards.

Coach Rollie Dutsch of Northern Michigan University where Wildcats are now 2-1 after a 42-8 decision over Bradley, is worried about the numerous penalties his griders have drawn. "In our first two games it was holding. In the Bradley game we were called for four clips, and one of them cost us a 53 yard touchdown run by Jim Lindstrom of Iron Mountain," the ex-Eskymo mentor commented this week.

Wakefield is another team that has been hard hit by injuries this season. The Cardinals bowed to Ashland, 13-6, in Michigan Wisconsin Conference action Saturday with halfbacks Ray Sibley and Roger Norvola sidelined because of knee injuries. Another star runner, Al Inkala, suffered a similar injury in the Ashland game. The Oredockers have a 4-0 record for one of their best seasons starts in many years. Wakefield is now 2-2 for the year.

Lake Linden's 1000-plus twoway journey to Olivet for a prep football game last weekend paid off in a 16-0 victory for the Copper Country team. Among the former U.P. people who extended hospitality to the Whiz Kids downstate were John Gaffney and Wayne Pangborn, former Houghton and Baraga coaches.

Soo Loretto, next foe for Coach Rod Carlson's undefeated Engadine Eagles, was nipped 27-20 by DeTour in its last start in spite of a three touchdown performance by halfback Dale Fabry. The 170 pound senior speed merchant scampered 10, 13 and 15 yards to boost his season touchdown total to eight.

Iron River's Jeff Sitkowski scored two touchdowns and gained 160 yards in 17 carries as the Redskins scored their first victory of the season over Bessemer, 20-12. One of the best runners in the Peninsula as a junior last fall, Sitkowski had been slowed by illness early this season and Iron River lost its first three starts.

The report from Kingsford this week indicates that fullback Chris Alberti, injured midway in the second quarter of the game with Esby here Saturday, will miss this week's game against Iron River. The 205 pound senior was hurt after taking a screen pass from Dean Freeberg for a 13 yard gain. He suffered pulled tendons in his right knee.

Starr Is Tops In Pass Class

NEW YORK (AP) — Green Bay, Dallas and St. Louis can credit the passing of their quarterbacks — Bart Starr, Don Meredith and Charley Johnson — with their unbeaten success in the National Football League.

None of the three teams has a runner among the top eight ground gainers in the league, but those three signal callers lead the NFL in passing statistics released today.

Starr has the best over-all average with 46 completions in 69 throws for 633 yards, four touchdowns and a 9.17 yard average.

per toss for the Packers, 3.0. Meredith of Dallas, 2.0, tops the rest with seven scoring heaves and an 11.11 yard average per throw while connecting on 22 passes in 46 attempts for 511 yards.

Johnson of the St. Louis Cardinals, 3.0, leads the league with 667 yards and is tied for the top with 49 completions. He has thrown 30 times for four touchdowns and a 8.34 yard average.

Bill Brown of Minnesota has replaced retired Jim Brown as the rushing leader with 278 yards on 54 carries for a 5.1 average.

Magic Number Pared To Three

Dodgers Could Cinch NL Pennant Tonight

By The Associated Press
"Things are a little bit better than they were this morning," Manager Walter Alston said Monday night after his Los Angeles Dodgers increased their National League lead to 2½ games with six left.

"Well, we're a half game better than we were yesterday," Alston said Tuesday night after a 2-0 victory over St. Louis increased the Dodgers' lead to three games with five to go.

"I'd say we're in slightly better shape than we were before the game," one might expect Alston to say tonight if the Dodgers increase their lead to 4½ games with four to go. Chances are Alston would be more positive than he usually is if the Dodgers clinch their second straight pennant tonight.

The Dodgers' triumph Tuesday night reduced their magic number to three, meaning any combination of Los Angeles victories and Pittsburgh losses totaling three would give the Dodgers the pennant.

The second-place Pirates, who were rained out Tuesday night, play Philadelphia twice tonight, and the Dodgers play the Cardinals once.

The third-place San Francisco Giants, four games behind the Dodgers and one behind the Pirates, also would have to lose to the Braves in Atlanta tonight.

In the only other NL game, San Francisco defeated Atlanta 6-3. Rain also washed out Houston at Cincinnati and Chicago at New York.

In the American League, California stopped Detroit 6-2, Minnesota won 5-0.

The Eskymos put the first five finishers across the line with Rick Anderson, Bob Swenson, Jerry Duchaine, Larry Anderson and Joe Muehlhaus coming home in that order. Anderson's winning time was 12:06.1.

Escanaba will enter the Rapid River Invitational Thursday, Sept. 29. The first five finishers Tuesday, plus Steve Kell and Mike Beck, will represent the Eskymos.

Harold Olson and Haapala teamed up for a net 28 to win the best ball event. Harold Meiers and Bill Henderson were runnersup with 30.

Swanson Paces League Golfers

Elmer Swanson set the individual pace in the Escanaba Country Club league matches Tuesday with a 38, followed by Don Haapala and Ed Kulvinen with 40s, Bill Eis Sr. and Jim Fitzharris 41s.

Harold Olson and Haapala teamed up for a net 28 to win the best ball event. Harold Meiers and Bill Henderson were runnersup with 30.

Seymour Named Best Lineman

By The Associated Press
Jim Seymour, a sophomore end at Notre Dame, was named the college football Lineman of the Week by The Associated Press for his spectacular variety debut against Purdue.

Seymour, a 19-year-old from Berkeley, Mich., caught three touchdowns passes, one on a dazzling 84-yard play, that helped the Irish down the Boilermakers 28-14 last Saturday. In addition he put his name in the Notre Dame record book by snaring 13 catches from Terry Hanratty for 276 yards.

Seymour dominated the weekly voting by sports writers and broadcasters who drew attention to the outstanding play of several other ends. They were Jack Clancy of Michigan, Sam Harris of Colorado, Eric Rice of Wisconsin, John Mills of Colorado, Eric Rice of Wisconsin, John Mills of Tennessee, Wes Simpson of Western Kentucky and Robbie Hahn of Furman.

Ironwood Keeps First Place In U.P. Grid List

The Ironwood Red Devils retained their No. 1 position in the Upper Peninsula Sports-writers Association football poll this week, garnering 10 first place votes and 117 points.

Ironwood's Friday night opponent, Calumet, was rated No. 2 for the second straight week. The Copper Kings drew only one first place ballot but received solid support for 101 points among the sportswriters.

Eskymo Game Is Changed To Saturday

Escanaba's Great Northern Conference football game at Stephenson has been rescheduled for Saturday night, starting at 8, it was announced today by Coach Jerry Cventegros.

The Eskymo mentor also announced that injuries have sidelined three veteran players. Bob Schaut, 6 foot 2 inch 196 pound senior tackle, is out with a broken ankle. Dave Nyquist, 6 foot 5 inch 234 pound senior tackle, has a broken bone in his foot. Marty Oslund, 5-8 and 160 pound senior guard, will miss the Stephenson game with a sprained ankle.

Brunet Beats Tigers

ANAHEIM, Calif. (AP) — Another loss and the Detroit Tigers may not have Minnesota breathing down their necks for second place in the American League.

The Twins may then be tied with Detroit. The Tigers dropped 10 games out of first place Tuesday night in losing 6-2 to the California Angels.

Minnesota, meanwhile, crept within a half game of Detroit by beating Cleveland 5-1.

Johnny Podres, who has had four victories and four losses, will attempt to keep Detroit in position for the extra share of money due second-place finishers in the league. Podres faces Marrelino Lopez tonight in the wrapup of the Tigers-Angels series.

After that, a three-game series with Kansas City at home will end Detroit's baseball season. Jim Fregosi smacked a two-

Has Beens Win Runnerup Spot

Although the Bauners finished in first place with ease in the Highland Twilight League, the battle for the second and fifth place spots wasn't settled until the final match of the evening.

The Has Beens edged the Turf Kings for second place honors finishing with 101½ points to 100½ for the Kings. The 98 points by the Divot Diggers left them in the fourth position, but the W. R.'s inched past the Long Knockers by a scant 92 to 91½ margin to take over the last pay-off position.

The prizes for each member of the five winning teams will be awarded next Tuesday evening, as well as prizes to the top scorer in the league and the top scorer on each team. Other awards will also be presented.

Low scores for the evening included a sub-par 35 by Barney Barnhart, 38 by Al Davidson, 40's by Jim Douglas, Ward Stiemert, Vial Smith, Jim Schultz, and Mel Manske.

Final team standings: Bauners 112, Has Beens 101½, Turf Kings 100½, Divot Diggers 98, W. R.'s 92, Long Knockers 91½, Big Stickers 87½, Got Yas 85½, Super Valu 85, Hi Flyers 82½, Hackers 82, Wertz's Watuis 80, Run Dums 78, Barney's Beavers 73, Hot Shots 70½, Doug's Duffers 69½, Earl- Birds 63, Team No. 18 39½.

You Just Never Have It Made!

By HAL BOYLE

NEW YORK (AP) — Benny Goodman likes a good joke on himself.

Recently as he stood in the plush Rainbow Grill pouring out the eloquent clarinet notes that won him fame as "The King of Swing," a customer danced up and said:

"Another comeback? Boy, you must be tired."

Recounting the incident, the 57-year-old musician gave a wry chuckle.

"When do you have it made?" he said. "The answer is — never."

The fact remains, however, that among real aficionados of jazz Benny Goodman has had it made for nearly four decades. Time has dethroned many music monarchs of the 1920s and 1930s, including even Paul Whiteman, the fat mahatma of jazz.

But Goodman remains the unchallenged master of the clarinet.

Benny, son of an immigrant tailor, borrowed his first clarinet from a Chicago synagogue at age 9. He gave a solo in short pants at the age of 10.

Since then he and his "licorice stick" — a slang term he rarely uses himself — have starred on stage and symphony concert halls, in films and night clubs, over radio and television networks, on numerous European and Far East tours.

But just as he did as a boy, Benny still rises early each morning for a rigorous, solitary session with his clarinet.

"It isn't like the piano or the violin — you use your wind — so about two hours are enough," he remarked half-defensively. "But I suppose my wife would say that I practice six or seven hours."

The years have mellowed Benny, who will bring a seven-man combo to the Waldorf-Astoria's newly reopened Empire Room on Oct. 31.

His passion for perfection once led him to be known as "the eye" among fellow musicians, who regard his artistry with awe.

"He never bawled you out during rehearsals," recalled one. "But if you played a sour note, he just looked at you — and you felt as if you were naked and alone under a million-watt floodlight."

Benny is more tolerant now, although relaxing not a whit in his own demands on himself.

"Artists fret too much in advance," he remarked. "Once I was worrying about a classical cadenza, and I asked the symphony conductor, who was very famous, 'Shall I play it this way, or this way?'"

"He simply shrugged and said, 'What's the difference? Nobody but us knows the difference.'"

"My philosophy today is to stay sane. In the music business that's more of a prayer than a philosophy. But I suppose our business isn't much different than others."

Never a party man, Goodman lives quietly with his family in a Manhattan apartment and a home in Connecticut. He also recently bought an island retreat in the Caribbean. His hobbies are salmon fishing and golf.

Hospital Rates Raised To Cover Pay Hike Costs

GRAND RAPIDS (AP) —

An hourly pay increase of 25 cents, bringing the minimum wage of nurses and other hospital employees with critical skills to \$1.40, was granted Tuesday by Grand Rapids hospitals.

Spokesmen for the city's five hospitals said rates also would be increased to meet the higher operating costs.

The hospitals, which said wages amount to about 70 per cent of operating costs, said minimum annual wages for registered nurses would be approximately \$6,000.

"We must compete with other employers for virtually every skill or person we employ," the hospitals' joint statement said.

"Since our only source of income is our patients we have to reluctantly raise rates to cover increased operating costs."

The increase in room rates is expected to be between \$3 and \$5 per day.

Dates for increases in rates and salaries vary in the five hospitals, but all are scheduled to come before the end of the year.

Eleven per cent of all the automobiles in the United States are registered in California.

Pressure On To Get Action For Parks In State

WASHINGTON (AP) — Pressure is being applied to get final action on two park bills for Michigan before close of the 89th Congress but there is little to indicate the outcome.

The Senate-passed bill, sponsored by Sen. Philip A. Hart, D-Mich., to establish the Sleeping Bear Dunes national lakeshore in western Michigan has been before the House Rules

Committee for some time.

Thus far, however, chairman Howard W. Smith, D-Va., has not called for a hearing to see whether it should be cleared for House action. It has been approved 17-12 by the House Interior Committee.

On the other hand, the House on Sept. 19 passed 247-70, and sent to the Senate a bill by Rep. Raymond F. Cleveland, D-Mich., to authorize establishment of a Pictured Rocks national lakeshore in Michigan's Upper Peninsula on Lake Superior.

But Sen. Alan Bible, D-Nev., chairman of the Senate Interior subcommittee which has the Pictured Rocks bill before it, so far has not called for a hearing. He has promised to do so.

Bible has said that if Michigan is to get one park bill it should be the Sleeping Bear Dunes national lakeshore. He said it is closer to urban centers and there is greater pressure for private development there.

Seek Action

Rep. James G. O'Hara, D-Mich., said that he, along with Rep. Martha W. Griffiths, D-Mich., and other House members from the state have talked to members of the House Rules Committee in an effort to obtain action on the Sleeping Bear bill.

O'Hara also said he intends to talk to Smith and request that the rules committee act on the bill and clear it for the House floor.

The Sleeping Bear bill would cost an estimated \$25.3 million. Opposition to it was led in the House Interior Committee by Rep. Charlotte R. Reid, R-Ill.

Although there once was sharp opposition to it from some groups in Michigan, it now has the backing of Gov. George Romney, the Michigan Legislature and most groups.

The Pictured Rocks national lakeshore would cost an estimated \$13,233,000, including \$6,348,000 for developing the area and \$6,875,000 to acquire necessary land.

Pictured Rocks Unopposed
There is practically no opposition to the Pictured Rocks bill now in the state. Differences that existed last year have been resolved by the U.S. Park Service, the Cleveland Cliffs Iron Co., the owners of other private land interests and the U.S. Forest Service.

The lands that would be included in the Pictured Rocks national lakeshore lie in Alger County between Munising and Grand Marais.

Study Pollutants On 800 Miles Of Missouri River

ST. LOUIS, Mo. (AP) — Fluorescent red dye to study water pollution will be injected next week at 10 points along an 800-mile section of the Missouri River.

"This study could give us the reason for a large fish kill in the Missouri River above Kansas City in 1964," said Anthony Homyk, hydrologist-engineer with the U.S. Geological Survey in Rolla, Mo. Homyk is the project coordinator.

State agencies in Missouri, Kansas, Iowa, Nebraska and South Dakota, as well as the U.S. Geological Survey, Weather Bureau and Corps of Engineers are taking part in the experiment.

Homyk said the purpose of the red dye will be to determine how long it takes for pollutants to dilute and the time-of-travel of contaminants down the river.

Homyk said that as far as he knew this would be the first time that a red dye river study had ever been attempted "on this large a scale."

State Manpower Commission Set Up By Romney

LANSING (AP) — Creation of a 20-member Michigan Manpower Development and Training Commission to coordinate available manpower training programs has been announced by Gov. George Romney.

Romney's executive order creating the commission charges it with carrying out "such studies as it considers necessary to enhance and develop the manpower potentials of the people of this state."

He said a primary goal of the new body will be coordination of "state, federal and local manpower training programs actually or potentially available within Michigan."

The commission consists of 10 state officials and 10 members representing the public. Malcolm Lovell, director of the Michigan Employment Security Commission, was named chairman.

Danforth

Mr. and Mrs. Louis Villemur of West Allis, Wis., have returned to their home after visiting at the home of Mr. and Mrs. Wallace Irving and other relatives in the vicinity.

Mr. and Mrs. Vernon Vanderlinden and Mr. and Mrs. Howard Vanderlinden of Milwaukee have returned to their homes after attending the funeral of their grandmother, Mrs. Joseph Jolly. They also visited at the homes of Mr. and Mrs. Edwellyn Larson and Mrs. Evelyn Vanderlinden and family.

Mr. and Mrs. Art Anderson and grandchildren of Delavan, Wis., visited recently at the homes of Mr. and Mrs. Malcolm Stonecliff, Mr. and Mrs. Felix Johnson, Miss Agnes Mattson, Mrs. Mathilda Mattson and other relatives and friends.

James Irving, son of Mr. and Mrs. Wallace Irving has returned to East Lansing to resume his studies at Michigan State University.

Plastics Prices Are Given Boost

NEW YORK (AP) — Dow Chemical Co. has said that it will raise prices on medium-impact and high-impact natural-color polystyrene plastics used in such everyday items as housewares, refrigerator parts, food packages, toys and bottle caps.

On Oct. 1, medium-impact polystyrene prices will go up 12 cents to 17 cents per pound in truckload quantity, while high-impact polystyrene will go to 18 cents per pound, up 1 cent.

General-purpose polystyrene and colored polystyrene, which normally sells for about 3 cents a pound more than natural-color polystyrene, would not be affected by the price hike, the company said.

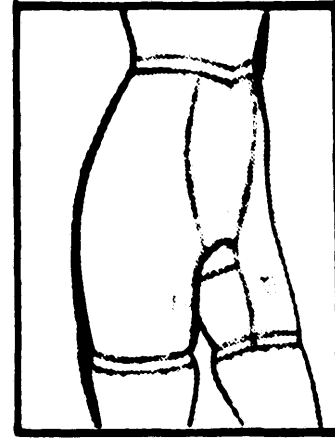

During 1965, accidental deaths in the home from improper handling of firearms dropped eight per cent from 1964. Credit for the continuing decrease is given the home safety courses conducted by the National Rifle Association.
